NEWTON, MASS., FRIDAY, APRIL 6, 1923.

TERMS, \$3.00 A YEAR

BUDGET PASSED BY ALDERMEN

Over Three Million Dollars Needed for City Expenses in 1923

The chief interest in the regular aldermanic meeting last Monday was in the annual budget reported by the Finance committee and carrying a grand total of \$3,010,415.58, a reduction of about \$83,000 from the recommendations of the Mayor, the chief reductions coming in the Public Buildings and in the Street and Forestry departments.

It is interesting to note that about the only motions made to amend the budget was in the matter of making small increases in the salaries of some of the minor offices.

In presenting the budget, Alderman White stated that the city is in a peculiar condition due largely to the niggardly policy of previous city governments in the maintenance of city property. He called attention to the fact that since 1914, the federal government had increased taxes five times, there was an increase in the state tax during that period of some \$2,250,000 and the state appropriation from \$19,000,000 to \$42,000,000. We are also faced this year with the possibility of returning some \$55,000 received the past few years from bank taxes. Mr. White said that the committee had considered clerical salaries on the basis of comparisons and not on personalities and the committee was unanimous. He also said that the city had reached a financial condition whereby it was forced to be rather niggardly on appropriations to some city activities on account of the demands of the school department.

Alderman Ball favored a \$3000 salary for the inspector of plumbing and Alderman White said that the committee had made an increase of \$200 and believed that sufficient in the present unsettled state of that department. Mr. Ball suggested that the

present inspector might not continue without a larger salary but the motion to increase was defeated by a vote of 6 to 13.

Alderman Ball also criticized the transfer of the care of City Hall from the Buildings to the Messenger departments and later an item of \$2500 for that purpose was placed under the Building Department and the remainder of the appropriation referred for further consideration. Mr. Ball also criticized the omission of an item of \$1000 from improvements at Police headquarters and the matter was settled by segregating \$100 as a part of the general appropriations for repairs.

Alderman Young made an unsuccessful fight to increase the salary of the clerk of the Health Department, and Alderman Smith had a similar experience in trying to increase the salary of the clerk in the Forestry Department.

Alderman G. W. Pratt, opened a general discussion on the school appropriation by calling attention to the fact that the normal increase of city revenue each year was about \$125,000, and that the School department was heading towards absorbing the entire increase. The agreement for teachers' salaries totaled \$67,000 this year or over half the increased revenue. He predicted a substantial increase in the tax rate the present year. He informed the board that in view of these facts he should make a tentative reservation of his rights. Alderman Heathcote said that 37 cents out of every dollar now goes to schools, with appropriations increasing this year of \$55,000 and with an increase the previous year of \$60,000. He ridiculed the recent survey of schools and did not believe that

THE 1923 BUDGET

The budget as adopted this week by the aldermen carries a grand total of \$3,006,215.58, plus \$175,272.50 for the expenses of the water department.

The amounts appropriated for each department are as follows:

General	\$1,000.00
Executive	10,925.00
Accounting	58,433.00
Treasury	395,421.27
Assessing	22,700.00
Law	5,650.00
City Clerk	28,584.00
City Messenger	2,550.00
Engineering	32,491.00
Public Buildings	95,165.00
Fire and Wire	186,070.98
Police	200,816.29
Sealer	2,746.57
Health	45,345.00
Charity	70,252.00
Library	61,630.00
School	934,762.87
Playground	64,105.00
Street and Forestry	785,526.60

In considering these figures it should be borne in mind that \$4200 will have to be added for care of City Hall, when it is decided just which department shall have charge of the appropriation and that, at the present rate, about \$13,000 will have to be added for garbage collection after October 1st.

Some interesting items in the different departments are as follows:

Maintenance of school buildings, \$21,875, with \$3400 more for painting. Plumbing in school buildings will cost \$20,701. Care of disease in the Health Department is estimated at \$20,000. Street Maintenance at \$80,000, Collecting Ashes, \$43,000; Street Sprinkling, \$48,000; Removal of snow, \$37,000; resurfacing street, \$45,000; sidewalks, \$24,000; street lighting, \$80,000; care of city stables, \$50,000; moth work, \$28,300; laborers' pensions, \$39,300; police pensions, \$10,575; interest on bonds, \$159,489.97; serial bonds, \$170,897.30; mothers' aid, \$29,000; fuel for schools, \$43,650; school salaries, regular, \$656,763.34; vocational, \$69,335.

A PLAY FOR CHILDREN

The children of Boston and its suburbs can "hardly wait" for the rise of the curtain at the initial performance of Miss Ethel Hale Freeman's version of "Little Men," to be given in Jordan Hall, Boston, on Friday and Saturday afternoons, April 13 and 14, by the Lend A Hand Dramatic Club of Greater Boston.

The text of Miss Alcott's book has been closely followed and the well-loved characters appear in some of its most amusing and touching scenes. The older members of the audience will appreciate before the final curtain, why Miss Alcott's books have outlived her day and generation. Long may they continue to do so!

The cast for "Little Men" includes Miss Barbara Wellington, Miss Mary Church, Miss Doris Cummings, Miss Margaret Taylor, Miss Amy V. Beal, Miss Marjory Howland, Miss Selma Pelonksy, Miss Ethel Hale Freeman, Miss Marion L. Clapp, Miss Bonnie Jarvis, Miss Evelyn Cunningham, Miss Fanny R. Hayden, Miss Edith May, Miss Isabel MacDonald, Miss Bertha M. Young, Miss Eleanor Clark, Miss Anna S. Pelonksy, Constance Upham, Mary Rich, Alice Jack.

Service in all parts of the Newtons

NEW FIRE CAPTAIN

Chief Walter Randlett of the Newton Fire Department has announced the promotions of Lieutenant Herbert W. Boothby of Combination 6, Newton Lower Falls, to a captaincy, and of Hoseman Fred W. Perkins of Combination 9, Chestnut Hill, to a lieutenantcy. In the examinations which were held on Jan. 25 in City Hall, under the Civil Service Commission, Capt. Boothby headed a list of seven, while Lieutenant Perkins topped a list of 21.

Captain Boothby, who lives at 239 Washington street, Newton, did his first work on the Fire Department in 1898, when he was a substitute during vacation time. He received his appointment as a regular man on Nov. 1, 1898, and was assigned to Engine 1, Newton. In September, 1916, he was promoted to a lieutenant, served two years in that capacity at Engine 1, and in 1918 went to Combination 6 in the Lower Falls.

Lieutenant Perkins, whose home is at 334 Ward street, Newton Centre, served as a call man from 1905 to 1911 in Newton Highlands. He was appointed a regular man in 1911 and assigned to Engine 3 Headquarters. In 1913 he went to Combination 9, Chestnut Hill, where he has been for the last 10 years. He has just been assigned to Combination 6, Newton Lower Falls. Captain Boothby fills the vacancy caused by the retirement of Captain Waterhouse of Newtonville. He remains in charge of Combination 6.

LADIES' NIGHT

Dalhousie Lodge of Masons held a most enjoyable Ladies' Night last evening in the Masonic Building, Newtonville. About 350 enjoyed an excellent banquet followed by a most entertaining concert by the Highland Glee Club, assisted by Miss Connor, violinist. There was also dancing under the direction of Mr. Harrison Hyslop with music by the Haffermehl's orchestra.

A concert will be held at the Community Theatre, Newton, Sunday evening, April 8th, at 8 o'clock for the benefit of the Elk's Charity Fund.

RESURRECTION PAGEANT

Channing church was filled with a capacity audience with many turned away on Sunday evening to witness the production of "The Story of the Resurrection," a play pageant, written by the Rev. Chester Arthur Drummond. As was noted last week the themes centre about the thought of the effect which the visions following the crucifixion have had upon the subsequent history of the church and of the world. Every detail of costume, of lighting, of appropriate music were worked out under the close supervision of Mr. Drummond, and combined to make an artistic whole, the impression of which will long remain with those who saw it. Members of the Alliance made the costumes, some sixty in number, the flowers used were made by members of the Junior Alliance, the Laymen's League assisted in the construction of stage properties, in fact there were few idle hands for many days previous to the presentation. Those who took the parts were: Leverett D. G. Bentley, Calaphas, the high priest; Miss Lena L. Nixon, Mary the Mother of Jesus; Sidney Peterson, Joseph of Arimathea; Dr. Leslie H. Naylor, Pilate; Mrs. D. S. Pratt, Jr., Pilate's wife; Mrs. A. C. Cummings, Magdalene; Miss Dorothy Gifford, Salome; Miss Elizabeth Peterson, the Angel; Dr. Edward Mellus and A. S. Barton, guards; Leonard Gifford, Pilate's guards; Philip Nichols, Jr., John, Horace C. Harrington, Andrew; Dan L. Smith, Peter; the children of the Channing Sunday School, the children of Jerusalem. Music was furnished by Miss Suzanne Dabney, soprano; Miss Madeleine Conant, contralto; Mr. Benjamin Russell, tenor; Mr. Mitchell, bass; Miss Portia Russell, cornet; Miss Irene Forté, violin; Miss Ruth Tilton, organ.

A concert will be held at the Community Theatre, Newton, Sunday evening, April 8th, at 8 o'clock for the benefit of the Elk's Charity Fund.

Probate Court
Middlesex, ss. petition of Mary Sullivan of Newton in said County, the wife of Denis M. Sullivan of Newton, in said County, representing that her said husband fails without just cause to furnish suitable support for her and prayed that he be compelled by the court to prohibit her said husband from imposing any restraint on her personal liberty, and make such other order as deemed expedient concerning her husband, and the care and maintenance of the minor children of herself and her said husband, and also praying that an attachment of the goods and estate of her said husband may be made against the decree which said petitioner may obtain for such support, it is ordered that the petitioner give notice to the said Denis M. Sullivan, at his place of Probate Court, to be at Cambridge in said County of Middlesex, on the twenty-fourth day of April A.D. 1923, at nine o'clock in the forenoon, by delivering to him a copy of the decree found above, at least, before said Court, if he may be found within this Commonwealth, that he may then and there show cause, if any he has, why the decree should not be granted, or if it should be granted; or, if he shall not be so found, by delivering to him such copy wherever found, or by leaving such copy at his usual place of abode, or mailing the same to him at his known post-office address, fourteen days, at least, before said Court; and also, unless it shall be made to appear to the Court by affidavit that he has received and noticed the proceedings by publishing the same once in each week for three successive weeks in Newton Graphic, a newspaper published in Newton, the last publication to be one day before, before said Court.

And in order to secure to the petitioner, and to such children as may be committed to her care and custody, a suitable support and maintenance, the commissioners of said counties, or either of their deputies, are hereby directed to attach the real and personal estate of the said Denis M. Sullivan to the sum of \$1000.

Witness, George F. Lawton, Esquire, First Judge of said Court, this third day of April in the year one thousand nine hundred and twenty-three.

25th ANNIVERSARY

About seventy-five members of the Hunnewell Club gathered at the Club House on Monday evening, to celebrate the Twenty-fifth Anniversary of its opening at a highly enjoyable dinner. President Blakemore was toastmaster and singing was under the direction of Mr. Thornquist.

Mr. Edward L. Pope the first President of the Club told about its organization and first rooms in the Bartlett

house on Hunnewell Hill about the very generous offer of the Stanley brothers to build a Club House and the early beginnings of the Club. Mr. F. O. Stanley spoke of the practise prevalent at that time of serving liquor in Club houses in Newton and his insistence that this practise should not be followed at the Hunnewell Club and that a clause to that effect should be inserted in the lease. He told of the pleasure that the Club had given him and his pride in its growth and success.

Capt. W. D. L. Sampson, nearly ninety-two years of age, related in a humorous way some of his early experiences in the Club. Mr. Warren F. Gregory spoke of the Club spirit and the pleasure he had always found in associating with the other members.

experts would help solve the problem. He favored cutting out the fads and frills and said that his daughter had been taught to make delicious cookies but had to be taught what verbs and adjectives were at home. He also said that the schools now specialized in the lower grades, one teacher following another for the same class. He wanted a committee of the board appointed to analyze the whole situation, to enable the citizens to know what the fads and frills were costing.

Alderman White said that the superintendent delegates too much authority to his subordinates and that supervision was overweighted. The masters of the schools do not teach and the six day sick leave should be abolished, teachers paying for their substitutes when away. He objected to the Junior High School plan and called attention to the fact that the type of residents now coming to Newton did not use the grade schools but did have children in the Classical High School.

He criticized the proposed location of a Junior High School at Woodland road and Commonwealth avenue, and said that the large areas in that part of the city for golf, private schools and hospital delay the school development there for at least a generation.

He believed there should be another classical high school, somewhere on the south side of the city. He also advocated stripping off some of the fads, some of the supervisory forces and a proper provision for the future.

It was brought out in the discussion that provision was to be made for electric lighting in the Mason and the Classical High Schools this year probably by a supplementary budget.

The budget was then adopted.

Alderman Norton was the only member absent and there were the usual routine hearings including electric light poles on Vernon street and Beaumont avenue, on the proposed change to business districts of the Martin Mfg. property at West Newton, at which no one appeared. There was a written protest filed against a proposed public filling station at the intersection of Beacon and Langley street at Auburn and Washington streets.

The report was received from the State Department of Health that it did not deem it necessary to take some 10 acres of land on the banks of the Charles River above Upper Falls for the protection of the Newton Water supply. The land is a part of the section known as Charlemont and is owned by Neil McIntosh and others.

Last August, when the land was first being developed, the city sought to take 10 acres for fear of pollution of the city's drinking supply, which is derived from artesian wells in that section.

Since the land sought was across the river from the wells, and inasmuch as the conduit carrying the city water from the wells to the pumping station and the mains lies in the middle of the river, the Health Commissioner thought that the owners had a right to retain their property.

They did not consider pollution possible under the circumstances.

The board adjourned at 11:30 P. M.

A GARDEN FETE

All the organizations of St. Mary's Church, Newton Lower Falls, are making elaborate plans for conducting a "Garden Fete" on the lawn east of the church on Concord street. The proposed dates are Friday and Saturday, June 8th and 9th. It is proposed to make it a very large and attractive affair, with a great variety of desirable articles for sale, and with several events which will be notable.

St. Mary's is the mother of all the Episcopal Churches in this vicinity, and was at one time the only church of that faith between Boston and Worcester. In a sense the mother church is to call upon all her children, grandchildren, and great-grandchildren in this region to celebrate with her at this fete, the one hundred and tenth anniversary of her founding.

The Street commissioners submitted the annual list of streets to be sprinkled during 1923, with an assessment of 4 cents a foot and the list was approved.

These petitions were granted, A. H. Crosby for transfer of automobile license to 881 Washington street, C. L. Dutton for automobile license at 981 Watertown street, and these private garages, Sadie M. Ray, Brookdale road, C. Lewis Blaisdell Fountain street, J. H. Lupien, Thurston road, Harry C. Bentley, Beacon street, Mrs. Lillian Wetherbee, Manet road, and E. C. Keating, Nottingham street.

There were other petitions for sewer in Warren street, and Bothell road, for drain in Dunklee street, for laying out of Bothell and Ellison roads, for sidewalks on Meredith avenue, and of O. D. Brett for gasoline filling station at 11 Park street.

The Public Works committee reported that no action was necessary on protest of W. M. L. McAdams relative to sidewalk on Centre street, and the Finance Committee deemed it inexpedient to change the method of levying assessments for dust laying. The report of the Finance committee that it was inexpedient to appropriate

pleasure that the Club had given him and his pride in its growth and success.

Capt. W. D. L. Sampson, nearly ninety-two years of age, related in a humorous way some of his early experiences in the Club. Mr. Warren F. Gregory spoke of the Club spirit and the pleasure he had always found in associating with the other members.

ASSESSORS' NOTICE

The Assessors' Instruction Sheets, which are a guide to filling out Personal Property Returns, are being distributed by the Police, and taxpayers should see that these are not lost or mislaid.

The blanks for making out the Returns can be had by application to the Assessors, or to the local Banks and Trust Companies. If more convenient, give your name to the Assistant Assessor when he calls, and he will have a blank mailed to you.

These blanks should be filled out on or before May 15th, and this should preferably be done before one of the Principal Assessors to avoid later questioning or dooming.

Verbal returns, or letters stating values, are not permissible under the statutes. The Assessors have no discretion in this matter, as the law prescribes sworn Returns in every case.

As jewelry is taxable, it is important that women as well as men make returns. The instruction sheet very clearly shows how to arrive at Furniture and Jewelry values.

The Law of the Land, Must and Shall Be Respected

EDITORIAL

We are glad to note that the aldermen are refusing to change property from the residence districts to the business districts merely on the request of interested parties. It was the intention of the zoning statute that such changes should not be made until a majority of those interested in such a change should apply for it. Just because one land owner thinks he can make a more advantageous sale in a business district is not a sufficient reason for the change. Property on the line of Commonwealth Avenue, especially ought to be kept as long as possible in the residential district if we expect to keep it as an attractive part of the city.

The aldermen have acted with commendable wisdom in refusing to change the present method of paying for dust laying by special assessments, rather than placing the cost in the general tax levy. As we pointed out before, the cost in the general tax levy would bear unduly on every manufacturer and store keeper in the city, inasmuch as personal property would have to bear its share of the cost.

The action of the Finance Committee

tee in refusing to approve a large appropriation for the purchase of land on Commonwealth Avenue and Woodland Road for a proposed Junior High School is most gratifying. As Alderman White pointed out, this land is wholly unsuitable for a school, being in close proximity to the tremendous and rapidly increasing automobile traffic on Commonwealth Avenue.

These Junior High Schools come high. On top of a new Underwood school to cost nearly if not exceeding two hundred thousand dollars, is the remodelling of the Bigelow school to fit into the new program at a cost of \$50,000 or more.

In offering to conduct without compensation the case of the Commonwealth on the Sheppard-Towner Bill before the United States Supreme Court, former Attorney General J. Weston Allen of this city has given Governor Cox the retort courteous.

From the size of the annual budget and the remarks of the aldermen on Monday evening it is evident that there will be a substantial increase in the tax rate this summer, and it is also plainly manifest that the city government desires the blame for such increase to be placed on the school committee.

\$934,762.87 for salaries and expenses, plus \$21,875 for maintenance of buildings, \$3400 for painting buildings and \$20,701 for plumbing in school buildings is quite a bit of money for schools.

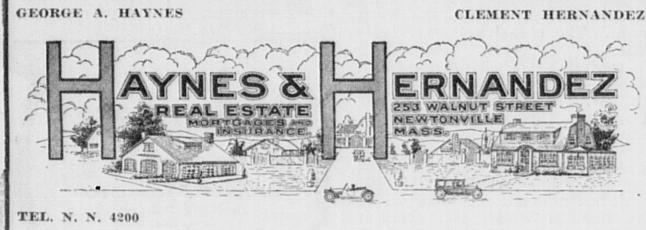

Lower Falls

The public library for this village, was opened on Monday last, at the Old Engine House on Grove Street. The library will be open daily (except Thursdays, Sundays, and holidays) from 3-6, 7-9 P.M. This is a branch of the Newton Free Library. Its telephone number is West Newton 0690-J. The librarian in charge is Miss Clara G. Wilson.

Some of the older residents of the Falls, will probably recall the old free library which was organized on January 1, 1869, and conducted by Dr. F. D. Lord, the library being on his premises on Washington Street, near the bridge. Aaron R. Cook and Mrs. Hannah R. Childs followed Dr. Lord as librarians. The library was supported by voluntary contributions, and contained in the neighborhood of 1,700 volumes. The library was a separate organization, then being controlled by a Board of Trustees to whom the care and management of the library was committed. The library was discontinued about 1878.

The aldermen have acted with commendable wisdom in refusing to change the present method of paying for dust laying by special assessments, rather than placing the cost in the general tax levy. As we pointed out before, the cost in the general tax levy would bear unduly on every manufacturer and store keeper in the city, inasmuch as personal property would have to bear its share of the cost.

Transferring a piece of property is not an every day occurrence in the average individual's life, and justifies proper consideration in selecting the best means of effecting a satisfactory transaction.

We make a study of our client's requirements, and through various mediums, endeavor to bring the minds of the buyer and seller together so that all concerned will feel satisfied that the service we render is worthy of your support and confidence in listing property to be sold.

If you are desirous of disposing of any property in a quiet and dignified manner, we would appreciate your communicating with us, that we may better care for the many clients depending on our ability to serve them.

Yours very truly,

SCHOOL NOTES

Edited by Dorothy Drake

F. A. Day Junior High School

VIII-D is finding Social Studies very interesting. They are taking the Westward Movement and the Growth of Transportation. They have interesting pamphlets on the above topics. Some of the class have sketched the means of travel in those days. Others have drawn maps to show the older travel routes, and as they are today. These things make Social Studies more to the pupils.

On Thursday the 7th and 8th grade pupils attended a lecture given jointly by Miss Bragg and Mrs. Sandwall. II-G's fistball team took on II-A and II-F Wednesday, March 28, 1923, and defeated them by the scores of 21-18 and 21-6, respectively. The first game was close as the score indicates. The winners took the lead at the start and were never headed, although their opponents looked dangerous at times.

The game with II-F was a "runaway." We admired their grit in playing with five men.

Richard Fennelly, Sam Petrillo, John Ford, William Morris, William Stumpf, Paul Nason, George McNeil, George Wrye, and William Welch were the players of Mr. Dacey's room.

Tuesday, March 27, 1923, there was baseball practice for candidates. The physical director taught them how to bunt and also the battery had practice.

Tuesday, March 27, the Social Studies period was spent listening to a ninth grade debate in the auditorium.

Mr. King took the boys outdoors for the Gym Period Tuesday. We expect to go outdoors more as the weather grows warmer.

Tuesday, the baseball candidates were called out. Bunting practice was held in the gymnasium.

Thursday, instead of the regular club period, the seventh and eighth grades went to the auditorium. Miss Bragg and Mrs. Sandwall gave a lecture on health.

Mrs. Sandwall illustrated her lecture by lantern slides which were shown from the moving picture booth.

High School Notes

On March 23rd, the first and second year cooking classes of the Vocational High School, prepared and served a luncheon to some of the High School officials. The guests were: Miss Bragg and Mrs. Hutchinson, Mr. Wheeler, Mr. Bacon, Mr. Palmer, Mr. Murray, Mr. Smith and Mr. Walton.

The following boys from the Vocational High School, reported for baseball: Ralph York, Menny Leonard, Walter Schlephoke, Lawrence Tedesco and Charles Manning.

Herman McNeil has been appointed to represent this school on the Newton High School Athletic Association.

In a recent issue of the "Newtonite" Miss Leland gave an interesting account of the Newton High as it was two generations ago.

At a recent meeting the members of the various committees, which will take charge of the Senior Play, were announced.

In the Classical High School lunch room there has been a quantity of fruit put on sale which, is considered as more beneficial than chocolate. This is a new scheme and it is expected it will meet with success.

At the Wednesday morning assembly of the Technical High School, several selections were rendered by the school orchestra, followed by a selection by the Glee Club. Then Mr. Griffin, a very competent singer, gave a very entertaining program.

Newton's chances for a champion ship outdoor track team seem exceedingly bright this year. Although she lacks boys for the field events, especially the shot-put—the team will be well-balanced and hard-working.

Manager Richards has secured more than six meets.

Stearns School

Last Saturday afternoon, the Newton Girls' Club made its second annual visit to the Sailors' Haven for the purpose of entertaining the sailors. The girls gave different "stunts" from their February Show and the sailors responded with a great deal of enthusiasm. After the entertainment, the girls stayed through the evening to dance and to extend a friendly greeting to the sailors that came from all parts of the country.

The Senior Girls' Club will hold a dance at the Riverside Club in Waltham on April 21st. All those who wish to go may receive their tickets through the members of the club. Quinan's Orchestra of Newton will furnish the music.

WOMEN'S CLUBS

Edited by Miss Grace M. Burt

Here is a suggestion. Why not hold club institutes in all our states and districts to deliberately train ourselves in the ethics and efficiency of our work, the best methods of organization, the relation to the community and other organizations, the ethics of our relation to each other. Our work is getting too big to just drift or to be directed only by half knowledge or the impulse of the moment. Two million of trained, wise, purposeful, determined, unselfish, far-visioned women it is the dream of a not impractical urge toward a better world.

ALICE AMES WINTER in

meeting of the executive board at the Newton Club. Delegates please note the change of time from April 16th.

Professional Women's Club

Tuesday, April 10, 2 P. M., business meeting followed by Presidents' Day at three o'clock. There will be a musical program and Miss Louise Madgett will read "Mme. Pompadour" in costume. Social hour with tea afterward.

Local Announcements

Mrs. Sanford Thompson will be hostess for the meeting of the Newton Highlands C. L. S. C. next Monday afternoon. Mrs. George F. Hardy will continue the study of Walt Whitman.

State Federation

On April 9, the Monday Club of Newton Highlands will have a Bird Day at the home of Mrs. F. W. Bonser, of Fisher avenue, with Mrs. M. E. Ogden in charge.

The annual dramatics of the Newton Upper Falls Woman's Club will be held in the Emerson Hall on Monday evening, April 9. A departure is made

this year from the usual short plays to a three-act comedy coached by Jack Cronin, under whose direction the plays of the last two years have been so successfully presented. Agnes Newey Leighton, soprano, and a four-piece orchestra, will furnish music during the evening. The club will have a banquet for members only at the Pettee Inn on the night of April 12, at 7:30. A good time is assured for those attending.

The Education committee of the Auburndale Woman's Club, Mrs. Austin W. Fisher, chairman, will be in charge of the club meeting on Tues-

day, April 10. Sue Ainslee Clark

(Mrs. Alfred S. Clark) will speak on the suggestive subject, "The Child of Today Makes the World of Tomorrow". Mrs. Clark, since taking her degree at Wellesley, where she was president of her class, has made a thorough study of social problems. As a social worker, and as the mother of four children, she brings a vital message in regard to the new understanding of childhood. Music will be furnished by pupils of the West Newton Music School. The Program committee, Mrs. W. J. Benger chairman, invites all Club members to a luncheon preceding the annual meeting on April 24. There will be no guests. Members desiring to attend the luncheon must notify some member of the Program committee by April 17, and must present membership tickets at the door. The annual business meeting will be called at 2 o'clock.

To the Honorable the Justices of the Superior Court within and for the County of Middlesex, ss.
RESPECTFULLY libels and represents Katrina W. Sheewczuk, of Cambridge, Mass., in said County, that she is lawfully heir-at-law to Tildor Sheewczuk, now of Milford, New Hampshire, at Raklineau, Austria, on the eighteenth day of May A. D. 1904, and thereafter you will find that the said Tildor Sheewczuk lived together as husband and wife in this Commonwealth to wit, at Arlington and Boston, Mass.; that your libellant has always been lawfully married to the said Tildor Sheewczuk, being wholly regardless of the same, at Boston, on or about the 15th day of March, 1918, after death of the libellant, said duration continuing for three consecutive years from the bringing of this libel.

Wherefore your libellant prays that a divorce from the bonds of matrimony may be decreed between your libellant and the said Tildor Sheewczuk, that there has been born of this marriage one child, Milford, deceased, born on the 11th day of January, 1922, and that your libellant be given the custody and care of said child. Dated this 27th day of February A. D. 1923.

KATRINA W. SHEEWCUZUK.

Commonwealth of Massachusetts.

Middlesex, ss. Superior Court, March 5, A. D. 1923.

UPON THE foregoing libel it is ordered that the heirs-at-law, next of kin and all other persons interested in the estate of

Johnathan McNamara late of Newton in said County, deceased,

WHEREAS a certain instrument purporting to be the last will and testament of said deceased has been presented to said Court for Probate, by Joanna Elizabeth McNamara who prays that letters testamentary may be issued to her, the executrix thereto named, with power to act on her official behalf.

You are hereby cited to appear at a Proba-

te Court, to be held at Cambridge in said County, on the 11th day of April, A. D. 1923, at nine o'clock in the fore-

noon, to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, for three suc-

New date for the

Donald Mac Millan

lecture

APRIL 13th, Friday Evening

at eight o'clock

The Officers of the Newton Highlands Improvement Association offer you their sincere apology for the lack of coordination and complete failure on the part of "The PLAYERS," in the staging of DONALD MACMILLAN and his pictures on Baffin land and the frozen north. Mr. MacMillan was present and ready to go on with the lecture but for some unexplained reason the operator and the picture machine made no appearance. Ticket holders are requested to present their tickets Friday Evening, April the Thirteenth at eight o'clock, when these pictures and lecture will be staged in the best possible manner. Thanking you for your patience.

WOMEN'S CLUBS

(Continued from Page 1)

At the meeting of the Newton Upper Falls Woman's Club on Monday evening, two violin selections were rendered by Sigmund Romaskiewicz, accompanied by Miss Marjorie Kenyon. John Clair Minot spoke on "New Novels of the Day," giving six American and six English, which he considers the outstanding ones of the year and giving his reasons therefor. A general discussion followed on books and writers.

The last regular meeting for the season 1922-23 of the Auburndale Review Club was held on Tuesday morning, April 3, at the home of Mrs. Amos R. Wells, of Williston road. The review's program was given to physicians and nurses, Mrs. Leighton telling first of Dr. S. Weir Mitchell, emphasizing especially the growing value of his work as a novelist and poet. Miss Jessie MacMillan followed with an interesting paper on two noted women, Florence Nightingale, the famous nurse, and Mme. Curie, with her husband the discoverer of radium, and since his death an outstanding figure in her line of research.

Wednesday morning after the regular monthly business the members of the Newton Social Science Club were much interested in the talk by Mr. Francis L. Bacon, principal of the classical high school. Mr. Bacon discussed the problem of the public high school in regard to college entrance examinations. There has been an increase in the last six years of at least 25 per cent in the number of students wishing to go to college. This fact has forced the colleges unable to accommodate the overwhelming increase of applicants, to make the entrance requirements much more severe, thus cutting down to the number of students to be received. This has put a much heavier burden on the public high school to prepare the college students for the increasingly difficult examinations and at the same time give a general cultural education to the vastly greater number of pupils whose education stops with the high school. Mr. Bacon spoke of the partial success of the mental tests used to determine the mental ability of students, in which Brown and Columbia have been pioneers. Mr. Bacon considers them most valuable in determining the pupils of weak mentality. He praised the Newton high school's standing, saying that it is well at the top as far as college preparation is concerned, but voiced a desire of an increase in the teaching force.

At the meeting of the West Newton Woman's Educational Club, March 23, Miss Marion Fisher delighted her audience with her humorous readings. She is a graduate of the Leland T. Powers School of Oratory.

Miss Griffith Houston, from the West Newton Music School, charmed her audience with her sweet voice. Her group of songs were beautifully rendered.

Tuesday afternoon's performance of "A Dress Rehearsal" by the Newton Highlands Woman's Club went off with a great deal of pep and reflected great credit upon Mrs. Harry P. Forte, the chairman for the well-trained production. Mrs. D. S. Sylvester, as Prudence Pinchbeck brought out the laughs. Besides the operetta there were dances by junior students, "Pierrot and Pierrette," Jean Manning and Harriet Dane; "The Pipes of Pan," a solo dance by Barbara Nichols; "The Borgia Man," a solo dance by Pearl Merriam; "Greek Children at Play" Elizabeth Drown, Sarah Godsoe, Louise Hawks, Constance Marcy, Marguerite Parker, Marjorie Prescott. Mrs. Carlos Pinfield was pianist for the dances.

Mrs. Ezra Eaton and Mrs. William White, daughter of Mr. and Mrs. Augustus G. White, of Nobscot road, celebrated her 13th birthday, by a party given for her friends. The table was tastefully decorated with yellow jonquils, the cake in the center being a mass of jonquils. The evening was spent in games and dancing.

ing representative costumes of the periods, even to accessories of bags, fans, and laces, and in choosing models suited to the type of gown—many so well suited the applause was immediate and spontaneous.

Miss Harriet E. Ainsworth, representing William Fliene Sons Co., talked about spring and summer styles in a most helpful way, and exhibited gowns and wraps for all possible occasions—among them the apron-dress with "knickers," so practical for morning wear, if one does her own housework; street gowns with plaited skirts of plain material, and "tie-around" jackets of embroidered or figured goods. Beaded evening gowns still remain in favor and those of filmy materials with slips of different colors to obtain particular color effects are popular.

Children's clothes were not forgotten and many mothers were delighted with new and helpful ideas concerning them.

Mrs. Ripley and her committee must have found many difficulties to overcome in assembling hundreds of articles belonging to different periods in which color values were totally unlike, and many hours must have been spent in arranging and rearranging to obtain the harmonious effect of old shawls, laces, quilts, and fancy articles that greeted one in the tower-room. Much interest was shown in the exhibit of choice old fans, and the collection of head coverings—many of them could scarcely be named "hats"—provoked much laughter. However, "every dog has his day," and two hundred years hence, posterity will no doubt be laughing before an exhibit of our charming Easter hats of 1923. Club members are most appreciative of the efforts of Mrs. Harry D. Cabot, Mrs. Hubert A. Ripley and their committees, for arranging the most entertaining and delightful afternoon of the season.

Italian Fete

Tuesday of this week was a continuous performance for the members of the Auburndale Woman's Club, an Italian Fete, which opened with a sale of junk in the old fire house from which was netted a considerable sum. But the Auburndale Club House was the centre of activities from morning until late at night. The reception room displayed sales tables of Italian pottery, Italian linens, laces, embroidery, baskets, bandannas, as well as fruit and flowers and flower seeds. The cafeteria luncheon drew a large number who not only enjoyed the Italian dishes but bridge afterwards. By the middle of the afternoon came the Easter Parade, through the courtesy of Flene's, which displayed all sorts of costumes for all sorts of occasions, upon living models, the local ones being Mary Benger, Evelyn Cannon, Barbara Smith, Julia Middleton, Mrs. Charles Ansley, Mrs. George Marston, Muriel Conn danced. Mrs. Winthrop Stiles, with her hand organ, created great fun and many were the coins that went into her tambourine. The Woman's Club room, arranged as a Bambino Booth, displayed the things which children prize most. Late in the afternoon there was a lull, but by six-thirty club husbands accompanied their wives in goodly number for the dinner dance which completed the day's program. About 200 sat down to a delicious dinner furnished by the Community Service Kitchen and served by youthful Italian maidens in brilliant costumes that gave a truly festive air to the scene. Curtis' Orchestra furnished music during the dinner and for the dancing that was interspersed between the cabaret numbers, and afterwards until a late hour. The cabaret numbers included a song by Mrs. George Sargent, xylophone solos by Sybil Capwell, which were received with well-deserved enthusiasm. Oriental dance and ballet by Ruth McIntyre, a piano solo by a member of the orchestra, the Dream number sung by Arthur Hancock and illustrated by club daughters, a specialty number by William Pettis, and a saxophone solo by William A. Smith. The club is most grateful to Mrs. Walter S. Wells, the chairman, to Mrs. Donald D. Williams, sub-chairman, and to all the score of able committees who made the affair both a social and a financial success. The large sun realized will go to the club's Philanthropic Fund.

Those who had parts in the musical sketch included:

Mrs. M. Wallace, Miss Mary Newhall, Mildred MacDonald, Margaret Mackintosh, Adeline Badger, Dorothy Frost, Marion Tapper, Ruth Fairchild, Katherine Bonner, Gertrude Dyer, Mrs. F. S. Fairchild, Mrs. D. S. Sylvester, Mrs. W. T. Laverty, Helen Clark, Helen Elwell, Margaret Fairchild, Evelyn Hatch, Isadore Hatch, Virginia Lee, Mary Reynolds, Katherine Smith, Dorothy Sweatt, Elsie Wilkie.

—About 150 people including many out-of-town guests, attended the reception on Saturday afternoon, given by Mr. and Mrs. Everett W. Varney of Tyler Terrace, in honor of Miss Dal Buell. Assisting Mr. and Mrs. Varney were Mr. and Mrs. Charles Pepper of Concord. Mr. Lothrop Stoddard the author, was also among the distinguished guests present. The table was tastefully decorated with yellow jonquils, the cake in the center being a mass of jonquils. The evening was spent in games and dancing.

—Musicals and dramatics which have proved so popular with the Newtonville Woman's Club in the past, were made to take second place for the "Fashion Review" on Tuesday afternoon. Members of the Club, acting as models, displayed gowns covering the periods from 1775, distinguished by its rich brocades, white wigs, black velvet wrist and neck bands, pinched-in waists and alluring patches, to what seems the comfortable and hygienic costume for to-day.

—Mrs. Cabot and her committee showed much discrimination in select-

NEWTON CHORAL CONCERT

The seventh concert of the Newton Choral Society took place in Central Church on Tuesday night, the orchestra assisting the singers.

The first number, "Cavatina," by Bohm, was by the orchestra alone. The second number, "Zion Hears Her Watchmen's Voices," by Bach was rendered by chorus, strings, and organ. In this number both chorus and orchestra did good work. The attacks were especially noteworthy, and the final climax well sustained.

"The Hymn to the Madonna" by Kremer, the second number on the program, was in contrast to the first, and contained many beautiful pianissimo phrases. Mrs. Kingsbury, the soloist, could be heard rising above the supporting chorus.

Then came a number of short songs by Mr. Rulon Y. Robison, tenor soloist. These ranged from the delicacy of the "Songs of Araby" to the rollicking Irish song, "I'll Follow You." Mr. Robison's voice was of unusual sweetness and purity, and his enunciation a joy. He was enthusiastically received.

The last number was the St. Cecilia Mass sung in the Latin. This was the most ambitious attempt the chorus has undertaken, and was rendered with a fine appreciation of the spirit of the mass as well as with fine technique.

The audience was a very large one, over the gallery being filled, and was most appreciative.

As in former concerts, the society

25TH ANNIVERSARY

Newton Centre is to be congratulated upon her newly formed society, "The Village Players," which, like the famous players of West Newton, is to present approximately once a month plays of merit and interest alike to those taking part and those in the audience.

The society was particularly happy in the choice of its first play, "Nothing but the Truth," which was presented last Friday night in the parlor house of the Unitarian Church, before a most appreciative and enthusiastic audience.

The play abounds in clever dialogue and unexpected situations, and holds the attention from beginning to end. Indeed, it is with almost breathless interest that the spectator watches the hands of the clock to see whether the hero will be able to win the bet that he can tell "Nothing but the truth" twenty-four hours.

The cast, unlike most plays, is composed mostly of men. The parts, from the unscrupulous business man to the preacher who "knew nothing of business" were remarkably well taken. The hero, Warren H. Peerce, won the sympathy of the audience from the beginning, and the mulatto Van Dusen, (Stanton L. Rowley), succeeded in making himself thoroughly detested.

has reason to be proud of its good work which make it distinctly a community asset.

The Annual Convention of the Norumbega District Sunday School Association took place last Monday evening, at the West Newton Congregational Church, with a large and enthusiastic attendance representing all parts of the District. About 225 persons sat down to supper at 6 o'clock, while many others came after the supper, to hear the Convention reports and speaker.

President Fred L. Smith presided. The Convention opened with a cordial welcome extended by Mr. Harlan D. Crowell, superintendent of the Church School where the Convention was assembled.

Following this, Mr. Smith stated the purpose of the Convention and called for reports of the various officer and committee. The first report was the report of last year's annual meeting, read by Miss Alice G. Reynolds, recording secretary.

The chairman of the Community School committee, Mr. Nathan Heard, of Newton, was then called upon to report for the Community School. Mr. Heard first expressed the regret felt by all, that Dr. H. W. Gates, director of the School, was unable to be present, owing to important engagements in New York and the West. He then stated that the School has been a real success during the past two years. One hundred and seventy-three different persons attended for at least one of the two terms during the past year.

A fine spirit of earnestness and enthusiasm for the work has been built up in the membership of the School, and promotion work through the school members will be carried on in the near future, looking to an increase in attendance and interest for next year. The courses for the coming year were announced, as follows:—During the first semester of 19 lessons, there will be two periods, as usual, and the following seven, possibly eight, courses, will be given; Use and Value of the Old Testament, Dr. Gates; Historical background of the New Testament, Prof. Berkley; Child Study, Prof. Berkley; Missionary Education, Miss Seabury; Dramatization and Pageantry, Miss Fowle; Projects and Programs in Religious Education, Dr. Gates; Methods for Young People, Miss Seabury. During the second semester the following courses will be offered:—Life of Christ, Dr. Gates; Life of Paul, Prof. (Continued on Page 4)

Last Friday evening an entertainment was given under the auspices of the English Club in the Classical High School before an enthusiastic audience of over eight hundred. The hall was too small to accommodate the crowd; many were turned away at the door, and still others were forced to stand throughout the evening. The program consisted of dramatics and a concert, and aroused considerable anticipation, as it marked the debut of the faculty on the high school theatrical stage.

Promptly at 8:15 the school orchestra played the opening selection, which was then followed by the students' play, entitled, "The Late Delivery." Barbara Cooke, William North, and W. Ellis Appleton took the leading parts, with Elizabeth Gordon and John deMille completing the cast.

The play was well coached and went smoothly, the audience enjoying it immensely. Immediately following there was a half-hour of music furnished by members of the Club, including: John Andrews, piano; Maurice Melman, violin; Russel Foster, flute, and duets by Louise MacLeod and Herbert Jones. The Club also succeeded in obtaining a reader from (Continued on Page 3)

The newly elected officers of Newton Lodge of Elks were installed last evening before a large gathering of members and guests in Temple Hall, Newtonville. The installing officer was John P. Brennan, P. E. R. of Cambridge Lodge and he was accompanied by a large and distinguished suite.

The following officers were installed:

Exalted Ruler, Malcolm P. McKinney; Esteemed Leading Knight, Willard L. Sampson; Esteemed Loyal Knight, John H. Gordon; Esteemed Lecturing Knight, William E. Earle; Secretary, J. Edward Callahan; Treasurer, Vincent M. Turley; Tiler, Edgar F. Callahan; Trustee 3 years, George F. Tracey; Delegate to the Grand Lodge, Dr. Howard Moore, E. R.; Alternate to the Grand Lodge, George P. Flood, P. E. R.

The appointive officers installed were Harry Harcourt, esquire; Richard M. Lyons, inner guard; Edward N. Soulls, chaplain, and Louis Thibault, organist.

After the ceremonies there were felicitous speeches from the visiting dignitaries and refreshments were served in Dennis Hall.

On Thursday last week the Newton Centre Scouts of Troop 3, the Seniors and Juniors held their annual banquet. After a very delicious supper prepared by some of the Scouts a toast of welcome was given to the guests by Catherine Noyes. Clara Smith gave the welcome to the Junior Troop which was responded to by Catherine Stone. Attendance stars were given out and a Scout Spirit Badge was awarded to one girl in each Troop. This Badge is awarded to the girl who is voted for by the Troop and Officers as having shown the best Scout Spirit in Troop meeting and at all times during the year of any girl in the Troop. In the Senior Troop it was given to Elizabeth Noyes and in the Junior Troop to Evelyn Porter.

The program was a varied one, and consisted of selections from the best known and loved cantatas and oratorios, the solo parts being taken by those who have often been heard in the church.

By special request, Mr. Truette played one of his own compositions which was enthusiastically received.

In celebration of twenty-five years of service of Mr. Everett E. Truette, organist and choir director of Eliot Church, a concert and reception was held in Eliot Church on Thursday night.

The church was filled to its utmost capacity and was decorated with beautiful flowers. Many of those present were friends and pupils of Mr. Truette who had come from long distances for the occasion. The choir was made up of past as well as present members, almost ninety taking part.

Nobody's Money

A view of one aisle in our coal storage space at L Street Station, South Boston where 100,000 tons of coal may be piled in reserve. The new Weymouth station will have space for 200,000 tons of coal combined capacity at both stations would fill a freight train of 10,000 cars—a train over a mile long. It costs as much to handle bad coal as it does to handle good coal, so Boston Edison buys only the pick of the mines, saves money for you, and makes Old King Coal earn his pay.

SCHOOL NOTESEdited by Dorothy Drake
Hyde School

Mr. Alger, the manual training teacher, is the coach for the Hyde Baseball Team and has charge of the playground this season.

Miss Marjorie Hartt of the Framingham Normal School is assisting in the primary grades this month.

Miss Holt is teaching the fifth grade in the absence of Miss Marian Green who has been ill two weeks.

The third grades are making Dutch villages. One of the parents has loaned Miss Jewett an exhibit of models in brass of many Dutch utensils.

The Hyde School has been making an excellency showing in its tardiness record. With a school enrollment of 629 pupils, there were only 49 cases of tardiness last month. No one has been tardy in Miss Hanscom's eighth grade for more than two months and the little people in Miss Perkin's class are very proud of their record of six consecutive weeks with no one late.

On Thursday afternoon of last week in the Hyde School Hall, an audience of over two hundred enjoyed a fine musical program given for the benefit of the Hyde School Orchestra. The program consisted of two selections by the orchestra, solo dances; and violin, piano, and vocal selections by junior pupils. The orchestra, under the direction of Miss Grossman, showed excellent training in their rendering of Mendelssohn's Wedding March and Hayden's Toy Symphony. This symphony is the only one written for children and it was played in a very pleasing manner. Supt. Wheeler made a very interesting address on the value of musical training for children. The Hyde School Orchestra is

to repeat the Toy Symphony at the Bird Lecture by Charles Crawford Gorst on Saturday afternoon of this week.

Lasell

On Saturday afternoon the Seniors will give a Tea Dance to the Juniors at Woodland Park Hall from four to six.

Lucia Ames Mend will give the lecture on Saturday, at 11:15. She will speak on the Ruhr Situation.

The Vesper service on Sunday, will be at three o'clock and will be in charge of Charlotte Hawkins Brown, who will have with her a quartette from the Palmer Memorial Institute of Sedalia, N. C.

The spring term opened on Tuesday, with a full attendance. The physical training work for the remainder of the year will consist entirely of outdoor sports: Tennis, canoeing, walking, horseback riding, etc.

Stearns School

The Senior Girls entertained the Waltham Girls' Club on Tuesday evening. The club will attend "Six Cylinder Love" next week, and on April 21, will hold a dance in the Riverside Club, Waltham.

The Junior Girls' Club gave "An Irish Cinderella" on Thursday evening, before an enthusiastic audience.

On Monday evening, the Mothers' Club, met with the following newly elected officers in charge: President, Mrs. J. W. Porter; Vice President, Mrs. W. Bland; Treasurer, Mrs. F. G. Womble; Secretary, Mrs. House. The evening was spent in games and songs, and ended with an old-fashioned Virginia Reel.

The highest percents of attendance for the month of March were—Miss Lovely (Elliot) Grade IV, 98. Mrs. Kidder (Stearns) Grade V, 96.5. Miss McLaughlin (Stearns) Grade VI, 93.9.

We have been very glad to welcome visitors from Framingham Normal School this week. From Somerville and Waltham also.

Ralph Waldo Emerson School

The attendance for the period closing April 6, stood at 92.7 for the entire building including the kindergarten. The highest attendance was in the class of Miss Nickelson, the class standing at 96.9. Miss Kelly's class stood second at 96.1.

The Girls' Glee Club sang before the school for the first time on Monday, at the Assembly. The selections rendered were "Unfurling of Flag" and "Autumn."

Pictures of all the classes were taken on Thursday forenoon, by the Wilson Magazine Company.

On Thursday afternoon, the graduating class made a trip to Boston to visit the State House. The party was under the direction of Miss Lewis and the Principal. The Public Library and the Back Bay section were taken in on the way and various monuments of historical interest were stopped at. The visits to both branches of the Legislature while in actual session and the reception by Governor Cox, were specially enjoyed by the graduates.

NEWTON WINS AND LOSES

The ball team began its season this week, winning its first game with Tufts Pre-Medics on Saturday by the score of 9 to 6 and losing on Tuesday to Hyde Park by the score of 11 to 8. Both games were played on Claffin Field.

DEATH OF MRS. CHEENEY

Mrs. Catherine Browning Cheene, widow of William A. Cheene, died Sunday at the home of her son James C. Irwin, who is valuation engineer of the Boston and Albany Railroad, 43 Highland avenue, Newtonville. Mrs. Cheene was a native of Philadelphia and her maiden name was Catherine P. Clark. Her first husband was William H. Irwin. For a period of fifty years or more the family home was at Cheene, just outside of Philadelphia, a place that was named after the family. There a church was built and in this and a Sunday School she continued her interest for a long time. Mrs. Cheene was in her eighty-third year and she had been a widow since 1892. Besides the son with whom she had been living there is a surviving daughter, also by the first marriage, Miss Florence Irwin, who is a recognized authority on bridge whist, and has written considerably on the subject.

There are also four grandchildren, Robert, John and Katharine Irwin of Newtonville, and James C. Irwin of Kansas City. Services were held at St. John's Church on Wednesday, Rev. Richard T. Loring officiating, and the burial was in Cheene, Pa.

DEATH OF MR. JUDKINS

Mr. William L. Judkins, head of the mechanical drawing department of the Technical High School, died last Friday at his home on Cabot street, Newtonville, in his 62d year.

Mr. Judkins was born in Lawrence sixty-one years ago, and his parents were John and Mahala Judkins. Following his graduation from the Lawrence High School he took a course at the Massachusetts Normal Art School and another course at the Massachusetts Institute of Technology, specializing in laboratory work. At various times he had taught in Clinton, Ware, and Lawrence before coming to Newton ten years ago, so that his entire teaching career covered a period of about 35 years. While residing in Clinton, Mr. Judkins joined the local lodge of Masons.

He leaves a widow, Mazy E. Judkins. Services were held at his late residence on Monday and were conducted by Mr. Edwin C. Johnson of the Christian Science Church. There were many tributes of esteem from teachers and pupils of the school, and from his many friends.

POLICE NOTES

William S. Johnson of Boston, drove through Newton Corner Sunday evening with but one headlight lit and was stopped by Patrolman Frank Feeley. The officer found that the driver was without license or registration and he arrested him. Johnson was fined \$10 in the Newton District Court Monday morning by Judge Bacon for driving with but one light. Five dollars for driving without a license and the charge of operating without a registration card was placed on file.

George L. Mullen of Centre street, Newton Highlands, was appointed a Patrolman on the Newton Police Department Saturday.

Harry W. Porter of 1103 Beacon street, Newton Centre, charged with being drunk and with operating an automobile while under the influence of liquor, was sentenced to a month in the House of Correction Tuesday by Judge Bacon and fined \$10 on the drunkenness charge. He appealed both sentences and was held in bonds of \$400. Porter was arrested Saturday night by Inspector Shaughnessy and Patrolman Carley.

AN ORGAN RECITAL

The public is cordially invited to an Organ Recital by the Church Organist, Mr. E. Rupert Sircom at 5 P. M., Sunday, April 15, in the Unitarian Church, corner of Washington and Highland Streets, West Newton. The program which will last not over an hour will include the Choral Prelude by Bach; a Chorale in A minor by Cesare Franck; the Lamentation by Guilmant and a Sonata I by Guilmant.

ANNOUNCEMENT of Interest to MILLIONS of FAMILIES

"I will build a car for the multitude"

Said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the

Ford Weekly Purchase Plan

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership.

During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

And now the way is open.

Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.

Think it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters each doing a little.

Why not start today. Stop in and talk it over with the Newton Motor Sales Co. They will be glad to fully explain the details of the plan and help you to get started toward the ownership of a Ford car.

THE VILLAGE PLAYERS

(Continued From Page 1)

Miss Bosson was a charming heroine, Mrs. R. A. Hubbard acted the indignant wife most effectively, while Miss Hillyer brought down the house with her irresistible story, "I was an innocent girl."

Much credit is due those who had the play in charge for the smoothness of the performance which was almost professional. Bursts of laughter and applause testified to the enjoyment of the audience of the wit and humor of the play.

The Village Players have certainly scored a deserved success, and it needs no prophet to predict crowded houses for their performances in the future.

The cast of the play was as follows: Warren H. Peirce, A. L. Lewis, Leon H. Perkins, Stanton L. Rowley, James B. Melcher, Flora M. Bossom, Nancy Hubbard, Dorothy E. Hooper, Helen Hillyer, Elinor Weston, and Lucille Powers.

The dramatic committee included Mr. A. L. Lewis, Mr. James B. Melcher, Mr. William F. Coan, Mrs. R. A. Hubbard and Mrs. H. B. Spencer.

ENGLISH CLUB DRAMATICS

(Continued from Page 1)

the Emerson College of Oratory, who gave some interesting sketches, which greatly amused the audience.

The last number was the faculty play, the biggest drawing card of the evening. The cast included Miss Lucia Howard and Mr. Marson as the two crooks, Miss Helen White as the lady, Miss Irene Haworth her attendant, and Messrs. Rolland Smith and Charles Mergandahl as the two policemen. The actors were well known in the school, and many of their lines occasioned bursts of laughter from the students in the audience. The two crooks were especially good, and a pistol shot, a diamond necklace, and the inevitable police made the play and the entertainment as a whole very much of a success.

This year the English Club of the school has pledged itself to raise \$500 for new books for the school library. In order to accomplish this it gave its first entertainment in February, at which the Harvard Musical Club furnished the program. The proceeds at that time were \$200 leaving \$300 to be raised. Great things were expected from the two plays, especially the one given by the faculty, and we are happy to say that the proceeds from the second entertainment will be more than enough to give the Club the \$500 necessary to fulfill its pledge.

DEATH OF MR. EUSTIS

Mr. John P. Eustis, a resident of this city for many years died suddenly last Friday night in New York. Mr. Eustis had been at the theatre with friends and while walking through 42nd Street was taken with a heart attack and died at once.

Mr. Eustis was born in Burlington, Iowa, on July 7, 1858, and was the founder and treasurer of the J. P. Eustis Manufacturing Co. of Cambridge. He resided in Newtonville for some years and more recently at the corner of Washington street and Hunnewell avenue, Newton.

He was a member of several clubs and was a prominent Mason, being a Member of Dalhousie Lodge, Newton Royal Arch Chapter and of Gethsemane Commandery, K. T.

He is survived by his widow, Mary Miner Warner, and two sons, Mr. Robert Eustis, of Newton, and Mr. Grant B. Eustis, of Watertown.

There was a large attendance of friends and relatives at the funeral services held at his late home on Monday afternoon. Rev. Dr. H. Grant Person of Eliot Church and Rev. Richard T. Loring, rector of St. John's Church, officiated. There was singing by the Shubert Quartet and the burial was in the Newton Cemetery.

MANDELL-BLANEY

One of the most popular events of the spring was the wedding on Wednesday of Miss Carolyn Blaney, daughter of Mr. and Mrs. Charles C. Blaney of Windsor Road, Waban, and George Woodard Mandell, son of Mr. and Mrs. Robert Mandell of West Newton. The wedding took place at the Church of the Good Shepherd, Waban, Rev. Williams L. Wood officiating.

The gown of the bride was of white satin trimmed with rose point lace which was an heirloom in the Blaney family. She carried a shower bouquet of lilies-of-the-valley and orchids.

The matron of honor, Mrs. Nelson D. Hooper of Brookline, and the two bridesmaids, Miss Beatrice Lane of Waban, and Miss Florence E. Brown of Newton, wore gowns of tan crepe-back satin trimmed with brown beads, with hats and other accessories to match.

A reception at the Brae Burn Country Club followed the ceremony at the church, the bride and groom being assisted by their parents.

On the return from their wedding journey, Mr. and Mrs. Mandell will make their home at Pine Ridge Road, Waban.

The bride is a graduate of Miss Porter's school at Farmington, Conn.

There were ten tables of mixed bridge at the Newton Club on Tuesday night. The bridge was in charge of Mrs. Robert Kelley and Mrs. John Clapp. Prizes were won by Mrs. Merrill and Mrs. Henry R. Nash; and by Mr. S. S. Dodd and Mr. Henry R. Nash.

The Ladies' Luncheon Bridge will be held today at one o'clock. Mrs. William S. Osborne is in charge of the luncheon, and Mrs. Henry R. Nash of the bridge.

On Saturday there will be the usual open house for men.

Next Tuesday, April 17, there will be a Neighborhood Dinner Dance with a special entertainment.

PLAYS AT HUNNEWELL CLUB

The Florence Evans Players are to present three worth-while plays at the Hunnewell Club, Friday evening, April 20, at eight o'clock. The plays are to be "Will-O'-the-Wisp," by Doris Hallman; "47 Workshop," "The Wasp," by Essex Dane; a Russian Drama, and by request, "Lonesome-like," by Harold Brighouse. People

will again have the opportunity of

seeing Mrs. Bartlett and Mr. Wilson in that artistic bit.

The ideal of the Florence Evans Players is to build and establish a small theatre in Boston where amateurs may put before the public worth while plays artistically presented. All the proceeds are given for this purpose.

The group has presented plays in many prominent homes in and around Boston including the Palace in the Fenway where "Will-O'-the-Wisp" was presented for the pleasure of Mrs. Jack Gardner and a group of distinguished guests.

[How to get there: By trolley, on Norumbega cars westbound from Lake Street and Commonwealth Avenue. From Dudley Street via Harvard cars to Commonwealth. The Electric Home is in Wauwinet, West Newton, on Commonwealth Avenue. By motor, follow arrows at main trunk intersections.]

BOSTON'S first Electric Home is ready, the latchstring is out—there's a welcome on the mat for you. And unless we're much mistaken, it marks the opening of a new era of comfort for Greater Boston.

The Electric Home is built by the Bonelli-Adams Co., co-operating with the Electric League of Boston, to give a practical demonstration, inside the walls of a charming modern dwelling, of the multitude of ways in which electricity can be put at the service of everyone. The Electric League of Boston is a co-operative body of nearly one hundred electrical producers, contractors, and merchants in Greater Boston.

We want you to accept our hearty invitation to visit the Electric Home, inspect it, ask questions, and see how any one—or all—of its facilities can fit into your own plans for making your life a little more worth living.

The Electric Home will be open to the public every week-day, free of charge, from 2 p. m. to 10 p. m., and expert guides will take you through the house and explain everything.

NORUMBEGA SUNDAY SCHOOL

(Continued from Page 1.)

Berkeley; Story Telling, Mrs. Fitts; Junior Methods, Miss Barker; Religious Education in the Home and Community, Dr. Gates; Principles of Teaching, Prof. Berkeley; Primary Methods, Mrs. Fitts. During both semesters, there will be another Biblical course, of a popular and inspirational nature, if such can be arranged for.

After Mr. Heard's report, members of the school sang some original songs, to popular tunes, eulogizing the School and its faculty, and displaying an enthusiastic school spirit. These songs and cheers were led by Mrs. E. L. Colton and Mr. W. H. Loud.

The plan and value of the Musical Festival were next presented, by Alonso A. Cole, chairman of the music committee. The Festival, which will take place on Sunday afternoon, May 6, at the Eliot Church, Newton, will contain several new features this year, including an out-of-door procession, led by choirs and trumpets. Once inside of Eliot Church, the hymns to be sung in unison by the thousand or more participants, are "The King of Love my Shepherd is," "God of our Fathers," "For the Beauty of the Earth," and "Lead on O King Eternal." There will also be given two simple pageant interpretations of hymns. Rev. Earl E. Harper will be the director of the hymn singing in this program, which is for the older Sunday School pupils, in the church auditorium. In the chapel, at the same time, the Primary children will have a program especially prepared for them by Miss Edith Lovell Thomas, of Boston University Department of Religious Education.

The Young People's Council of the District was represented on the program by its president, Richard H. Bird, Jr., of Waltham. Mr. Bird explained the purpose of the Council, its growth during the past two years, its success in promoting the Young People's Conference last December, and its purpose in printing, for the first time, a Council Yearbook. Copies of this Yearbook were at each plate, and were found to contain 16 pages of material written by the Young People of the various church schools in the District, telling of their many Sunday School activities and projects. The editorial staff for the Yearbook consisted of the Council officers, R. H. Bird, Jr., Eleanor Richmond, Mary E. Edmunds, Albert Hoffman, assisted by the following reporters, Oswald Sharples, Dorothy Ayles, Donald Reynolds, Elizabeth Noyes, Harry Lyons and John Clark.

Following this report came that of the executive secretary, Miss Lillian Barker, who gave a resume of District activities and Community School work from her point of view. She spoke briefly of the details involved in promotion, publicity, correspondence and committee work, preceding every event that takes place in the District. She then called attention to the significance and value of the Young People's Yearbook, saying that this Yearbook is unique and original, so far as the Council and District officers can discover. It is the only one of its kind that has ever been published by a Young People's Council in the country, and it represents a real and serious effort on the part of the young people to do a piece of constructive work.

Miss Barker then named various other types of District work, not yet touched upon in the other reports, explaining their value and purpose, such as the Junior department coaching classes, Children's Week, and other activities. One of the very important events has been a series of three Sunday afternoon meetings held in January, February and March at the Newton Club, for Sunday School Superintendents. At these meetings the topic for discussion was Young People's work in the Sunday School. Professor Herbert C. Mayer, Mrs. Margaret W. Eggleston and Dr. H. W. Gates were the leaders at these three meetings, which were well attended and which reached persons not at the Community School.

The Community School itself was discussed from the point of view of results obtained, such as improved quality of teaching, changes in departmental and general organization, and realization of the need for spending more money to get better equipment, to care for the running expenses of the Sunday School and to engage professional services for this work. All these results are being brought about in an increasing measure, throughout the District.

The Treasurer, Mr. Charles A. Haskell, was the next officer to make a report, showing that a total of over \$5,000 has passed through his hands during the past year. The finance committee chairman, Mr. William T. Rich, was then called upon to present the budget for the coming year. Mr. Rich stated that 44 Sunday Schools have this year contributed to the Districts, as against 40 which contributed last year; nearly 400 individuals have given personally, as against 144 during last year. This is a distinct advance, and this rate of increase in number of givers is to be expected to continue for the coming year. If this is done, and if the Community School attendance likewise can be increased, the finance committee will be greatly pleased and encouraged. The budget for the coming year was then presented, totalling \$5,000 net, and was accepted.

The nominating committee, chairman, Mr. G. L. Foster, reported the following officers named for the coming year: President, William H. Timble; 1st vice-president, Appleton P. Williams; 2nd vice-president, Nathan Heard; 3rd vice-president, George A. Mansfield; recording secretary, Miss Alice G. Reynolds; Treasurer, Charles A. Haskell; chairman of the finance committee, with power to add to his committee, Mr. William T. Rich. These officers were then elected, and the new president called upon for a speech. Mr. Timble made an enthusiastic speech, which brought forth applause from all. He emphasized the importance of religion in business and in life, and the importance of training for this work, saying that there should be two thousand persons enrolled in the Community School because there are that number of teachers and parents in the District who should be interested and receiving the benefits of the unusually fine instruction in that School.

Mrs. Margaret W. Eggleston, of Hyde Park, formerly instructor in Boston University, and now author of many articles and books in the field of religious education, was then introduced as the speaker on the subject, "The Challenge of Young People's work in the Sunday School." She gave a most inspiring and also practical talk, which stirred all the hearers to a sense of the pleasure and privilege found in this work, and to a realization of the need for training more effectively all the young people to become consecrated Christian workers and leaders.

A stereopticon address followed, by Rev. Ivan S. Nowlan, general secretary of the Massachusetts Sunday School Association, on the topic, "Church Buildings Equipped for Religious Education." Mr. Nolan showed the development in church school building, from the average type, through the "Akron plan" and other types, to the modern, up-to-date building, with its separate rooms for departments, for classes and for weekday activities. Everyone present was impressed with the great importance of separate rooms for graded worship and instruction, and with the need for giving Sunday School workers the proper environment and tools with which to do more effectively their work.

A dance was given by the Girls' Athletic Association in the auditorium on Friday, April 6, 1923. The dance was pronounced a success by all. Katherine Nixon was in charge and a committee was present to introduce the pupils.

CHANNING ALLIANCE

A record of which any branch of The Alliance of Unitarian Women might well be proud was brought out through the annual reports of officers and committees of the Channing Branch at its annual meeting held in the church parlor last Tuesday morning. Not only are the home activities promoted, but through the Post Office Mission denominational literature is distributed to those who seek it, through the Cheerful Letter Committee reading matter of general interest is sent to those having no opportunities for obtaining it, numerous postcards and scrap books to hospitals and institutions, magazines to sailors, etc., etc.; through the Sewing Circle the Children's Mission, and the Pine Mountain School have been provided with neat attractive dresses for their children and hospital supplies have been furnished. The Fellowship committee has secured three Fellowship members, women formerly connected with Channing Church, but now in districts remote from Unitarian churches. A Friendly Link has been made with a clergyman in Scotland, while through the International committee Channing Branch has been kept informed of liberal movements in different parts of the world.

The election of officers for next year resulted as follows: President, Mrs. Joseph N. Palmer; Vice Presidents, Miss Maude B. Henry, Mrs. F. E. Harwood, Mrs. Philip Nichols; recording secretary, Mrs. E. M. Moore; corresponding secretary, Mrs. G. R. Griffin; auditor, Ralph W. Angier; director for three years, Mrs. William G. Soule.

A delicious luncheon was served under the direction of Mrs. F. E. Harwood. The afternoon's program consisted of a short talk upon the origin and history of the State Flag by Miss Burrell from the State House, greetings from the national organization by Mrs. W. W. Vaughan of Watertown, director of The Alliance of Unitarian Women, the reading of "The Bishop's Candlesticks," by Rev. Chester A. Drummond, and two selections by the Alliance choir augmented by several friends from the Community Club choir.

JUNIOR HIGH SCHOOL

All the boys and girls are working hard for the demonstration to be given in the gym May 1st.

Candidates for the boys' tennis team have reported for practice.

The girls of II B have written a composition on milk for Miss Seavy. They are anxiously waiting for the report as the one having the best composition will receive a bottle of milk for the prize.

The members of Division II B and II C have completed the magazine on South America. Some of the contributors are Bertha Hicks, Stanley Brown, Francis Morris, William Schultz, and Stanley Horton.

B has received a very good reputation. The pupils have earned this reputation honestly by working hard and giving excellent recitations in class.

A dance was given by the Girls' Athletic Association in the auditorium on Friday, April 6, 1923. The dance was pronounced a success by all. Katherine Nixon was in charge and a committee was present to introduce the pupils.

DEATH OF MR. FARRELL

Mr. James F. Farrell of Wolcott street, died at his home last Saturday, after a long illness. Mr. Farrell lived for many years in Dorchester. He came to Newton two years ago and was late adjoint of Post 32 G. A. R.

He is survived by two sons, Rev. John M. Farrell of Lynn and Rev. William J. Farrell of Wilmington formerly a curate at St. Bernard's Church West Newton, and by three daughters, the Misses Annie, Mary and Julia Farrell.

Services were held at his late residence on Tuesday, and Solemn Requiem Mass was held at St. Bernard's Church, West Newton, at 10. The burial was in Calvary Cemetery, Roslindale.

LODGES

On Thursday, April 19th, the three degrees of Odd Fellowship will be exemplified in Odd Fellows Hall, Newtonville, by Waban Lodge, Home Lodge and Sincerity Lodge of Wellesley. Candidates from Waban, Home, Sincerity and Elliot Lodge of Needham.

Meeting called at 3 P. M., Waban Lodge will go on the floor at 3:30 P. M., Home Lodge at 4:45 P. M., Supper at 6 P. M. furnished by Summer P. Lawrence Rebekah Lodge.

At 7:30 P. M. Sincerity Lodge will confer the 3rd degree. Orchestra and quartette music. Grand officers will be present.

VIOLIN STRINGS.

Each string in a violin is of a different thickness, according to the tone and tension required. The fourth string is covered with fine wire, either a white metal or real silver, hence it is often called the "silver string." Violas, violoncellos and double-basses have each two covered strings, the object being to insure a sufficient gravity of tone without having too clumsy a material. The covered strings on the guitar are upon a basis of silk instead of catgut. The best gut comes from Italy, which has been famous for centuries for this product. Strings are carefully selected and graded as to size so that they shall be uniform. The larger strings for the bigger instruments are stretched on frames for three or four days. The covered strings are finished on a special lathe which covers them with floss silk or fine silver-plated copper wire, or even silver.

took a degree in music at Boston University and later studied in England, Germany and France. He is one of the founders of the American Guild of Organists.

During the evening Mr. Truette was presented with a beautiful silver set by the members of Elliot Church. Mr. Loren D. Towle, who presented the gift, told of what inspiration Mr. Truette had been to those who worked with him, and of how much his twenty-five years of faithful service had meant to the church.

In his reply, Mr. Truette thanked the members of the church for their beautiful gift and said that this was the only part of the program which had not been rehearsed.

Following the concert, there was a reception to Mr. and Mrs. Truette, the following being in the receiving line, Mr. and Mrs. Everett E. Truette, Mr. and Mrs. Loren D. Towle, Rev. H. Grant Person, Mrs. George Angier, Mrs. Benjamin S. Hinckley and Mrs. Frank A. Day pourred.

THE WALLOP

It is a foregone conclusion that "The Wallop" written by Ralph L. Harlow will be received with great enthusiasm at Players Hall, West Newton, next Thursday and Friday evenings, when it is given by the escort of Gethsemane Commandery, K. T. Mr. Harlow's success as an author and his personal interest in this production has given impetus to the great enthusiasm shown by the cast at the rehearsals and there is little doubt that Sir Knight James H. Anderson, under whose direction the show is given will have reason to be proud.

Unique specialties will be introduced between the acts and dancing will follow until midnight on both evenings.

MODEL ELECTRIC HOME

A Model Electric Home—that is, a home completely wired and equipped with every practical electric convenience for making housekeeping easy and life superlatively livable, will be opened this week for public inspection.

Such a home, the first in Massachusetts to be opened to the public, has been developed under the supervision of the Electric League of Boston.

At the invitation of Mrs. Frank A. Day, Commissioner for the Newton Girl Scouts, the annual meeting of the Metropolitan Division Girl Scouts was held at the Hotel Touraine, Boston, on April 11. At this meeting, when the report on registration was read, Newton came second on the list.

Boston is first with 1001 registered Scouts and Officers. Newton has up to date 381 registered Scouts and 51 registered Officers, making a total of 432. Many of the Troops have Scouts not yet registered and as soon as these girls have passed their Tenderfoot test and sent their registration to headquarters the number will reach 500.

TELEPHONE SERVICE

As the time approaches for placing in service the first machine switching central office in Greater Boston, there is an increased necessity for all subscribers to give numbers to the operator exactly as listed in the Boston telephone directory.

For this reason, the zeros which are prefixed to all numbers before 1000 should be given as a part of the telephone number called.

For example, if the number of a Malden subscriber is listed in the directory as 0068-W, the four figures should be used, the two zeros being pronounced, "oh, oh."

When a subscriber makes a call for this number after Monday, and fails to use these prefixed zeros, the operator taking the call will say to the subscriber, "Malden 68-W" has been changed to Malden 0068-W."

The prefixed zeros have been printed in the telephone directory for about two years as one of the necessary steps in connection with the introduction of machine switching, the apparatus being so designed that it will operate properly only with a four digit number.

WOMEN'S CLUBS

Edited by Miss Grace M. Burt

Possibly the Newton clubs do not need the suggestions made by the chairman of the State Press committee as much as clubs in other parts of the state, since the Club Editor has for so many years been after them to keep her informed. The Club Editor does reecho most heartily the request and injunction of the State Chairman on the importance of retaining the club press correspondents. "If you have a good one," she says, "keep her. It is a job which requires special training along a special line, and once trained the press chairman is invaluable to the club. If you doubt this, drop the office altogether, just for experiment, and then see where you are! The world cannot live today without the newspapers, neither can the club live without publicity."

In this same line come a few words from the General Federation chairman given last summer at Chautauqua, when she says, "If possible select a newspaper woman for your Press chairman. If you cannot get one ready made, select the best available material and make a journalist out of her. Three essentials are: A nose for news, a willingness to work, and quick wit. Remember that you need the newspapers; the newspapers do not need you."

The Graphic has always welcomed club news and has done everything in its power to assist the clubs, having probably given on an average of a hundred columns a season for the past eighteen years to the Women's Clubs' department. In return the clubs have been ever responsive and generous beyond bounds in their courtesies to the Club Editor, all of which has been greatly appreciated.

To the injunctions given above the Club Editor would add that faithfulness, punctuality, and a desire to learn how, are very essential characteristics. One request for large clubs may not be out of place, do not give the work to an already over-worked secretary, but assign it to some person who has no other duties, and above all, admit her to the board meetings and keep her informed long in advance of what is being planned. Any training in details of the work, the Club Editor is always glad to give.

AWARDED D. S. C.

Posthumous award of a distinguished service cross in honor of Stephen T. Hopkins, was announced this week by the War Department.

The citation reads: "Stephen T. Hopkins, second Lieutenant, 96th Aero Squadron, air service. For extraordinary heroism in action between Chambly and Xrammes, France, September 13, 1918. While acting as pilot of a flight of three airplanes which were attacked by 15 enemy planes, he continued on his mission and bombed his objective despite the fact that he was surrounded by greater superior numbers of the enemy. In the fight which followed the bombing operations, Lt. Hopkins and his observer continued the fight until shot down and killed, thus enabling one plane of the flight to return to its airfield with valuable information."

The heroic conduct and superb devotion to duty of Lt. Hopkins proved

AUTO ACCIDENTS

On account of the sleet storm on Sunday afternoon and evening there were quite a number of automobile accidents in the city.

An automobile owned by Mary Epsom, 1 Main street, Waltham, and operated by Edward J. Epsom of the same address, struck Miss Elizabeth McIntosh of 3 Warren Avenue, West Newton, at the junction of Washington and Watertown streets, West Newton, at 9:45 o'clock. Mr. Epsom drove Miss McIntosh to a physician's office, where she was treated for injuries to her head, legs and body, and was later taken to her home.

A car owned and operated by Bernadino Silva of 5 Talbot Avenue, struck Gustaf K. Eskilson of 21 Hoyne Street, Newton, on Washington Street, where he was treated for injuries to his head, legs and body, and was later taken to his home.

ALDERMEN HOLD SHORT MEETING

**Bigelow School Changes to be Made Next Year
Licenses Discussed**

The aldermen held a session Monday evening without a recess for committee meetings—something of a novelty for the present board—and in consequence adjourned was reached at 9:30 o'clock.

Alderman Ball was the only member absent.

There were routine hearings on telephone poles on King street and Linder terrace and on gasoline stations for Loreto Gentile, 430 Watertown street and George C. Weed, 791 Washington street, all of which were granted.

A hearing was also held on petition

of Allan McIntosh for a gasoline station at 90 Winchester street at which no one appeared.

Mr. O. D. Brett spoke in favor of his petition for a gasoline station at 9-11 Park street and Messrs. Chas. S. Cowdry and William B. Smith favored sidewalks on Owatonna street.

The appointment of Dewey G. Freeman as a public weigher was confirmed.

Mayor Childs sent in recommendations of 1,200 for electrical lighting of the Classical High School and 300 each for the Mason, Emerson, and (Continued on page 2)

Burr schools. He also recommended \$8,346.16 for changes in the Bigelow school for Junior High School purposes. Subsequently the board approved \$1,500 for lighting the Classical High and the Mason schools and referred the Bigelow school matter to the 1924 board.

The Street Commissioner reported the completion of work on Sargent Park.

Petitions of John T. Burns, Jr., and Samuel W. Tucker and J. Edw. Callanan for auctioneer licenses, Joseph H. Joyce for an express license, the Newton Nash Co. for a second-hand automobile license, Katherine S. Best, 1073 Centre street and Wm. S. Nagle, 247 Walnut street for victualler licenses of Masten & Wells to discharge fire works on their premises on Needham street and Estelle M. Crawford for a taxi license were granted.

Petitions were received from J. V. Monaghan Sons for gasoline station, Auburn and Washington streets and for change of building line at that point. For sewers in Walter street, for widening and deepening of Hammond Brook. John H. Nagle for victualler license, Elm street, John W. Murphy for repeal of traffic regulations on California street, from Elmwood to Franklin street, between Wm. Marshall, Victorine Circle, Bernard Mullan, Ashmont avenue, T. J. Lyons, Auburn street, Elmer C. Gross, Berkshires road, Julia Swartz, Faxon street, Grace M. Pettie, Waldorf road, Adam Haug, Rossmere street, C. L. Gant, 692 Chestnut street.

Petitions for private garages were also received from John T. Burns Sons (2), on George street, Peter Capadonna, Watertown street, Thomas McNamee, Cherry street, and John T. Burns Sons for 10-stall garage, rear Hunnewell Circle.

The Kearn Krete Products Co. asked permission to build at 391 Grove St. Hearings on May 7 were assigned on petitions of the Charles River Country Club to build an addition to club house on Dedham street, J. B. Jurad for 10-car garage, 11 Court St., Lester L. Brett for public garage on Brook street and on petition Walter T. Woodman that property Newtonville avenue and Bellevue street be placed in private resident district.

The offer of M. Brookman to purchase the old fire station at Auburndale was refused and an order asking the Mayor to have the building torn down and the lot graded was referred to the Finance Committee.

The report of the Buildings Committee that it was inexpedient to install a vacuum cleaner system in the new Davis and Underwood schools was opposed by Alderman Young, who said there was enough money in the appropriations to pay for the work and that it would keep the buildings clean.

The report of the Buildings Committee that it was inexpedient to install a vacuum cleaner system in the new Davis and Underwood schools was

opposed by Alderman Young, who said there was enough money in the ap-

propriations to pay for the work and that it would keep the buildings clean.

Alderman Weeks favored the work on account of the comparatively small expense.

Alderman Ball said that while there was much said little had been done towards keeping down school ex-

penses and that this was a case where

money could be saved. Alderman Ross

said it was penny wise and pound foolish policy as it would cost twice as

much to make the installation at a

later time. Alderman White said that

to pay \$2700 for this work by bonds

was a wrong policy and that the quicker

we came down to a pay as you go

policy the sooner we would have relief

from taxation. There were no rugs,

carpets or draperies in schools and not

so much need for a vacuum cleaner

system. Installation in these two

buildings would also lead to installation

in all school buildings. The report of inexpedient was then accepted

by a vote of 14 to 5.

There was also some discussion over

the report of the Buildings Committee

that it was advisable to change the

care of City Hall from the Buildings

Dept. to the City Messenger.

Alderman Ball said this looked like a slap at

the Buildings Commissioner during

his absence on account of illness and

while there may have been some laxity

in the care of City Hall it can easily

be corrected. Alderman White said

that no slap was intended at the Build-

ings Commissioner, but that department

was undermanned and this change

would bring some relief. It had been favored by the Mayor and

there were good reasons for making

the change. This report was also ac-

cepted by a vote of 11 to 6 and later

\$4700 was appropriated for the work.

The usual grist of licenses for nu-

merous kinds of activities such as

junk collecting, intelligence offices,

taxi and truck licenses, victuallers,

etc., were granted.

Licenses of Joseph Hoffman and

Jacob Kligran for junk, Anters Bed-

jian and Joseph Arduini for victuallers,

Louis A. Andrews for a public

garage at 1124 Chestnut street and

Wm. M. Cole for a gasoline permit at

4 Elliot street were refused.

There was quite a debate over a

leave to withdraw report on petition

of Arthur Raymond Blodgett of

Newton for a victualler license on

Elm street and the report ac-

cepted.

There was also discussion over a

majority report in favor of a victualler

license for A. Shordone and the per-

mit was refused.

Underground conduits in Tremont

street were granted the Telephone Co.

Hearings were ordered for May 7 on

sewers in Harvard Circle and Both-

feld road and for sidewalks on Wal-

dorf road and for sidewalks on Wal-

Not all Dealers sell Goodyear Tires

The privilege of selling Goodyear Tires carries with it certain definite responsibilities on the part of the dealer.

He pledges himself, for example, to give you service that will help you get from Goodyear Tires all the mileage built into them at the factory.

He accepts a smaller profit than he might get from certain other brands, in order that we may put extra quality into the tires themselves.

Not all dealers see the wisdom of doing business on this basis; consequently not all dealers sell Goodyear Tires.

But Goodyear Dealers implicitly believe, as we do, that the foundation of a permanent and successful business is satisfied customers.

Because Goodyear Dealers in their own interest think first of your interest, they are good men with whom to trade.

Because Goodyear Tires and Goodyear Dealer Service insure maximum economy, more people ride on Goodyear Tires than on any other kind.

PUBLIC HEALTH CONFERENCE

Mrs. Carrie A. Hull is to represent Newton and the Newton Welfare Bureau at the Massachusetts Public Health Conference in Springfield, April 26-28. This will be the greatest gathering of Massachusetts health workers that has ever been brought together. Some 16 state-wide health agencies have joined in the Conference, each carrying on its own sectional meetings and at the same time taking part in the great general gatherings. For these meetings, of which there may be three or four sectional groups assembled at the same time, the Springfield Chamber of Commerce has secured most liberal arrangements, getting for the purpose the great Municipal Auditorium Building with its numerous halls. The Newton Welfare Bureau is one of about 30 organizations in the state which have federated in the Massachusetts Tuberculosis League, and the League has brought about this great Conference by inviting the other state associations to meet at the time and place selected for its own ninth annual meeting.

RADCLIFFE ENDOWMENT

The West Newton Chapter of the Radcliffe Endowment Fund has reason to congratulate itself upon securing the services of no less distinguished artists than Mrs. Laura Littlefield, and her accompanist, Mrs. Dudley Fitts, at the recital to be given on April 24 at the West Newton Unitarian Church.

Mrs. Littlefield needs no introduction but it is interesting to add that she holds the record enviable among singers. For she appeared eleven times in one season, as soloist with the Boston Symphony Orchestra, in Boston and on their tour. She is known by them all as "the daughter of the Regiment."

Her program includes folk songs of various nations, a group of German Lieder and modern French, and we are happy to add, a group of her children's songs which she sings in the inimitable charm that has so endeared her to her public.

Commonwealth of Massachusetts, Probate Court, Middlesex, ss. WHEREAS, Abraham J. Somes of Newton in said County, has presented to the court petition to have his name may be changed to that of Andrew Jackson Somes for the reasons therein set forth: All persons are hereby directed to attend at the Probate Court to be held at Cambridge in said County of Middlesex, on the twenty-fourth day of April A. rendition of the Promise and the Laws was particularly impressive. All the parts were well taken and when the curtain went down one felt sure that the two girls bored with their studies and craving some new excitement in the first of the play, had heard the answer to that longing, in the dream which came to them and that the Call of the Scouts would fulfill and answer their heretofore unrecognizable desire to be of some real use in the world. Those taking part in the play were, Ethel Richards, Dorothy Gourley, Lorraine Phipps, Muriel Andrews, Peggy Leelar, Helen Warren, Marion Frost, Marjorie Whittaker, Helen Favinger, Elizabeth Ham, Grace Wyeth, Isabel White, Phyllis Bourne and Lois Rice.

The cast for "The Precious Pleckle" was Muriel Andrews, Peggy Leelar, Virginia Elmer, Eleanor Lamb, Betty Bates, Eleanor Burnham and Lois Burnham. Between the two plays Isabel White and Eleanor Burnham played a violin duet.

Camp Mary Day was the scene of a number of hikes this past week. On Monday a group of Scouts from Troop 3 Seniors spent the day in Camp. On Tuesday about sixty Scouts from Troops 7 and 11 had a wonderful day there. The girls arrived at camp about 10 o'clock and stayed until 4 and after the hard winter a day in the open, cooking dinner over the camp fire and playing out door games is particularly appreciated.

On Tuesday night this week, Troop 5 had a masquerade party which proved to be a great success. It was held in the Parish House of the Unitarian Church. Sixty scouts were present and about forty guests (parents and friends). Elizabeth Moynihan was awarded the prize for the prettiest costume, Virginia Newhall for the most original costume and Elizabeth Pitman for the funniest one.

—At the meeting at the Missionary Home on Wednesday, Mrs. Carver, the Home Secretary, conducted the devotional exercises; Mrs. Hess, wife of Professor Hess, of Madura College, South India, spoke on "The Womanhood of India"; and Mrs. Albion Cummings gave an impersonation called, "Must My Daughter Be a Robber?" A social hour followed.

—In the study of the Bible as a community book by the Men's Class of the Auburndale Congregational Church, some interesting and significant phases of the development of family, tribal and community life have been brought out. The next subject is "The Fight for Justice and Social Faith." This subject and the following one "Sacrificing a Nation in the Name of a Community of Justice," will be presented next Sunday by Rev. Herbert E. Case.

—Mr. Lawrence H. Sydney died at the Newton Hospital last Saturday in his 75th year. Mr. Sydney was born in England, and was a retired real estate merchant. For the last twelve years he had made his home at 25 Groveland street. He is survived by his widow, Henriette Sydney. Services were held at his late residence on Monday, Rev. Edward Payson Drew of the Congregational Church officiating, and the burial was in Woodlawn Cemetery, Everett.

The Study Club of Auburndale has had a very successful season in spite of the weather, not missing a meeting. Mr. Ralph Lingden is president, Mr. Wilson vice president. The first meeting was held at Mrs. Curley's, Mr. Town, speaker. In November Mrs. Livingston held the Club, Mr. Wilson speaker. The meeting in December was with Mrs. Smith, Rev. Mr. Kellogg of Japan addressed us. In January Mr. Winslow gave us the address at Mrs. Sykes'. In February Mrs. Waters opened her house to Mrs. Brown with some of the West Newton School of Music. Mrs. Livingston had a rough evening in March. With these addresses there was fine music, some readers also, fine refreshments were served by Mrs. Wilson, chairman of the Hospitality Committee.

Lure Quarry to Kill Itself.

In some parts of the north of Scotland the gannet, or solan goose is captured for the sake of its feathers. These birds hover 50 to 60 feet above the surface of the sea, diving from time to time after fish that show themselves near the top. They are caught by means of herrings tied to flat boards. The bird sees the fish but does not notice the board. Diving from a great height it kills itself by striking its head against the plank.

NEWTON Y. M. C. A. NOTES

The speaker at the Fellowship Club on last Monday was Mr. Harlan D. Crowell, Principal of the George Angier School, Waban. His subject was "The Making of Personality Through Modern Educational Methods." Mr. Crowell's talk was very interesting and thought provoking. Many questions were asked at the close of the address.

There is to be a World Conference for Y. M. C. A. workers with boys at Potschach am See, Austria, May 30th to June 10th. There will probably be about 900 delegates. A number of delegates are going from Massachusetts and we expect that Newton will be represented by one of the Board of Directors who is going abroad about that time. Dr. John R. Mott, General Secretary of the International Committee, says that the most remarkable generation of boys that the world has ever known is the one coming forward right before our eyes. This is a most important conference.

About 33,000 young men are now enrolled in Y. M. C. A. Correspondence schools all over this country. There are 300 practical courses from which studies may be selected. Information about these courses can be obtained at the Newton Association.

The final matches in the bowling tournament come Monday and Tuesday of next week. There is a difference of only one or two points between the first six teams and it is quite likely that there will be ties resulting from first and second places all of which adds to the interest of this, one of the best of indoor games.

The Y. M. C. A. tennis courts were ready for use on April 19th and many took advantage of the holiday to open the season.

SARAH HULL CHAPTER D. R.

A meeting of the Sarah Hull Chapter, Daughters of the Revolution, was held at the home of Mrs. F. O. Stanley, Waverley avenue, Newton, April 11th, 1923. The Regent, Mrs. Adelbert Fernald, presided.

During the business session, the Chapter voted to contribute \$15.00 to the John A. Andrews Home, \$10.00 to the John A. Andrews Home, \$10.00 to West Newton Music School, and \$20 to Pine Mountain School in Kentucky.

The program for the afternoon consisted of violin solos by Miss Josephine Monahan of Colorado, accompanied by Miss Dorothy Curtis and Miss Margaret McGill of the faculty of Newton Classical High School as speaker, her subject being "The Patriotism of a Great Secretary, Alexander Hamilton."

After which a social hour was enjoyed. Mrs. Roland A. Thayer and Mrs. Frank W. Webber presided at the tea table.

The hostesses for the afternoon were Mrs. F. O. Stanley, Mrs. Elmer E. Tilden, Mrs. Willard D. Tripp, Mrs. George Trotter, Mrs. C. O. Tucker and Mrs. Henry Viets.

CHURCH FEDERATION SEWING CIRCLE

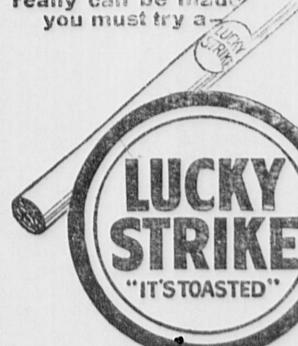

The last session for the season of the Sewing Circle which was held at the North Congregational Church on Tuesday of this week was a tremendous success.

The clear spring day and the bright sunny sewing rooms added much to a very pleasant occasion, as did the delicious coffee served by the hostess church at the luncheon hour.

Sixty-five ladies were present, one hundred and six garments completed for the Pomroy Home and District Nurses Association.

Channing Church invites the Sewing Circle to meet in its sewing rooms on Tuesday, Oct. 16.

EDITORIAL

There appears to be considerable misunderstanding in regard to pending legislation limiting the expenditures by school committees to the gross sums appropriated by the various city and town governments. There is no need for anyone to become excited over the situation as the legislation under consideration is merely intended to restore the status quo which existed before the recent decision of the Supreme Court in the Springfield case was announced. In brief, the Supreme Court said that school committees were not bound, as other municipal departments, by the appropriations made by the city and town governments but could expend any sums they deemed necessary for educational purposes. The Court also said that practically all the control in the hands of the municipal authorities was to limit the number of weeks schooling that the school committee should give.

The proposed legislation merely places the school department on the same plane as other municipal departments in regard to appropriations and so far as Newton is concerned, retains methods which have been followed for the past five or six years.

We are glad to note that another person convicted of operating an automobile while under the influence of liquor has received a jail sentence. That sad affair at Pittsfield might not have happened if the murderer had been more severely dealt with than before the court.

Secretary of War John W. Weeks again demonstrates his business ability and efficiency in the announcement from Washington that the War Department has saved some \$141,000 in discounting its bills.

Mayor Curley has taken the right position in refusing to grant permits for non-stop dancing. Of all the foolish ways to waste one's energy, a non-stop dance seems the extreme limit.

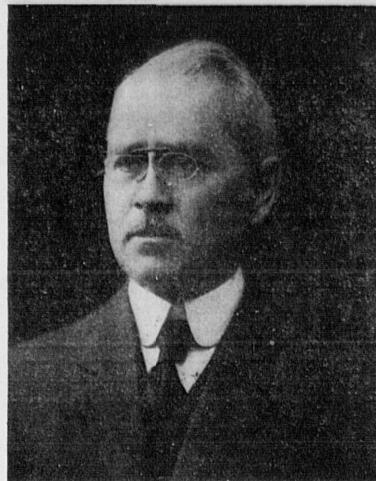

With the Underwood school children scattered all over the district the aldermen have taken the proper action in postponing changes in the Bigelow school until next year.

Eliot Church as well as Mr. Truett is to be congratulated on the completion of a quarter century of association.

UNDER THE GILDED DOME

The pressure of other matters as well as the rather routine nature of the work on Beacon Hill led to the omission last week of the usual article under this caption.

Senator Rice was recorded as a dissenter on the report of next annual session on the bill for the classification and segregation of prisoners. Representative Early who is a member of the same committee as Senator Rice states that the committee took this action largely on account of the unknown, but undoubtedly large cost entailed if this bill becomes law. Mr. Early believes it to be better policy to provide for the appointment of a psychiatrist by the Department of Correction whose duty it shall be

to make such examinations throughout the Commonwealth as may be deemed desirable and with the data thus obtained, some future General Court can pass the needed legislation with substantial knowledge of the conditions. The bill providing for such an officer is now on its way through the Legislature.

The county taxes have been fixed by the committee on Counties and Middlesex will raise the sum of \$1,285,380.28 as compared with \$1,319,825.48 assessed last year. It is interesting to note that it costs this county \$190,000 for salaries and expenses in our district courts, \$138,000 for salaries of officers and expenses of prisoners, \$140,000 for criminal costs in the superior court and \$135,000 for civil costs in the upper courts. The county spends \$173,000 for clerks in the rear of Nonantum block and which he carried on for thirty years.

Mr. Daniels served as a young man in the militia and was a member of the National Lancers. He attended the Channing Church and was a member of the Middlesex Club, the Republican Club, the Hunnewell Club, Unitarian Club, an associate member of the Charles Ward Post, G. A. R., a member of Fraternity Lodge of Masons, a life member of Newton Royal Arch Chapter and of the A. O. U. W.

He had also served the city as an overseer of the poor and as an assistant assessor.

He is survived by his widow, who was Ada Eudora Hopkins of Belfast, Me., and by two sons, Capt. George H. Daniels, O. R. C., of Dorchester, and Major Harold C. Daniels, U. S. M. C. (retired) of Newton and two daughters, the Misses Ada Eudora Daniels of Hartford, Conn., and Amy Louise of Iowa City, Iowa. There are also two grandsons, Robert and Richard Daniels.

Mr. and Mrs. Daniels celebrated their golden wedding on January 21, 1923.

Private funeral services were held from his late residence on Wednesday afternoon, Rev. Adelbert L. Hudson, a former pastor officiating and the burial was at Arlington.

DEATH OF OLD RESIDENT

Mr. Henry Clay Daniels, a resident of this city for the past 73 years died last Sunday after a short illness at his residence on Washington street, Newton.

Mr. Daniels was born in West Cambridge, (now Arlington) on May 26, 1842, and was the son of John Porter and Eleanor Whittemore Daniels. His father died in 1851 and Mr. Daniels came to Newton to live with his uncle George Daniels who lived in the old house on Washington street opposite Park street. Mr. Daniels was a farmer the early part of his life and later engaged in business with the late Joel Hills in Lincoln and Boston. In June 1882 he started the stable business in the rear of Nonantum block and which he carried on for thirty years.

Mr. Daniels served as a young man in the militia and was a member of the National Lancers. He attended the Channing Church and was a member of the Middlesex Club, the Republican Club, the Hunnewell Club, Unitarian Club, an associate member of the Charles Ward Post, G. A. R., a member of Fraternity Lodge of Masons, a life member of Newton Royal Arch Chapter and of the A. O. U. W.

He had also served the city as an overseer of the poor and as an assistant assessor.

He is survived by his widow, who was Ada Eudora Hopkins of Belfast, Me., and by two sons, Capt. George H. Daniels, O. R. C., of Dorchester, and Major Harold C. Daniels, U. S. M. C. Mr. and Mrs. Daniels celebrated their golden wedding on January 21, 1923.

Private funeral services were held from his late residence on Wednesday afternoon, Rev. Adelbert L. Hudson, a former pastor officiating and the burial was at Arlington.

DEATH OF MR. KELLOGG

Mr. Charles A. Kellogg, a well known resident of Newtonville for the past forty years, died last week Wednesday at his home on Park place at the age of 58 years. Mr. Kellogg was a native of Vernon, Conn., and was an electrician by trade. He was a member of Mt. Ida Council R. A. and a former member of the Masonic bodies. He is survived by a widow, one daughter, Mrs. Walter Jackson of West Medway and one son, Mr. Allyn W. Kellogg of Waltham. Funeral services were held from the Mills Undertaking Chapel on Friday afternoon, Rev. M. H. Lichliter officiating and the burial was in the Newton Cemetery.

AUTO ACCIDENTS

(Continued on Page 4)

Injuries to his nose, forehead and left leg, the man was taken to his home.

There was a collision between two cars at Chestnut street and Commonwealth avenue, West Newton, about 9:50 o'clock, but no one was injured. A car owned by Miss Lillian Larkin and operated by Frederick B. Larkin of 107 Charles street, Auburndale, was in collision with a car owned and operated by Harold Miller of 75 Cheney street, Roxbury. Both drivers were believed to have been blinded by the rain and headlight glares.

an inspiration to the members of his squadron."

Lt. Hopkins was the son of Dr. E. Earl Hopkins, of 355 Newtonville avenue, Newtonville. He was born in Newtonville and was 26 years of age at his death. He attended the Newton schools and while at high school played football and hockey. He was graduated from Harvard in the class of 1914 and while there played on the varsity hockey team and engaged in other athletics. Later he played hockey with the Boston Athletic Association.

He was a member of the Hasty Pudding, Institute of 1770, D. K. E. S. K., Varsity, Iroquois and Porcellian clubs at Harvard. He was assistant treasurer of the Becker Milling Machine Company of Hyde Park where he enlisted. He was sent to Italy to train as a flyer in August, 1917, and in the following May went to France. He was reported missing for three months after the combat in which he lost his life. With his observer, Lt. Bertram Williams, he was buried at Charey, France.

Several months after his mother's death he became a member of the state police, but served only two days. For the month preceding his departure for New York he resided at a Boston hotel.

His friends believe he was on the Saturday night boat bound for New York, where he had a girl friend, who is reported to be wealthy. Their theory is that he may have become ill and, going to the rail, was pitched overboard, the body being swept ashore here by a northeast wind. Farrington's friends state there was no reason for his taking his life. They could not account for the absence from his pockets of papers that might identify him. He always carried an address book with name and phone number and a pocketbook.

Besides his father and brother, who is a pupil at a private school, he is survived by a sister, Hope, who attends school in Connecticut.

Tuesday, April 24, will witness two events, the classes in Italian Cut Work for the ladies of the Club, in the morning from 9 to 12 and the Auction Tournament in the evening at eight o'clock for the men of the Club and their guests.

An enjoyable Dinner Dance on the evening of the 19th followed a pleasant golfing day when the regular course was played.

MR. FARRINGTON DROWNED

The body of a man which was washed ashore on Plymouth beach last Sunday was identified as that of Edward Hill Farrington, son of a prominent Chicago business man, who recently resided in Aberdeen street, Newton Highlands, and at a Boston hotel. He was a passenger last Saturday on a steamer from Boston to New York.

Identification was made by George W. Kingley and L. B. McCarthy, both of Newton, who had read the newspaper's description of the body. The body had been in the water about 18 hours, and the only clues to his identity which the authorities found were the monogram on his watch and a horseshoe chain he wore around his neck. His pockets were empty.

His parents, Wilbur Farrington of Chicago and the late Mrs. Grace Spofford Farrington, were separated by divorce, and until his mother's death Edward made his home with her and his brother Wilbur at Newton Highlands. During the world war he was an ensign in the air service and was stationed at Bayport, R. I.

Several months after his mother's death he became a member of the state police, but served only two days. For the month preceding his departure for New York he resided at a Boston hotel.

His friends believe he was on the Saturday night boat bound for New York, where he had a girl friend, who is reported to be wealthy. Their theory is that he may have become ill and, going to the rail, was pitched overboard, the body being swept ashore here by a northeast wind. Farrington's friends state there was no reason for his taking his life. They could not account for the absence from his pockets of papers that might identify him. He always carried an address book with name and phone number and a pocketbook.

Besides his father and brother, who is a pupil at a private school, he is survived by a sister, Hope, who attends school in Connecticut.

WOMEN'S CLUBS

Edited by Miss Grace M. Burt

Biennials of the General Federation need no advertising to draw the crowd, but the Council meeting, which falls on the alternate year, with no power to transact business, being merely, as its name implies, a time to talk over matters, has up to now been of less significance, and has consequently drawn a much smaller number. At the Chautauqua biennial last year the by-laws were amended to make it a regular business meeting, although the elections will still be held biennially and the by-laws can be amended only at that time. The coming Council meeting at Atlanta, Ga., which will be held from May 7 to 11, should attract a large number from the East and New England this year, since the Biennial next year goes to the Pacific Coast where the representation from this section will undoubtedly be small. This will mean that it will be several years before the club women from this region will have a better opportunity than the present one to come in direct contact with women from all parts of the country through a meeting of the General Federation. For the first time in history a single club acts as hostess, the Atlanta Woman's Club, which has just completed a quarter of a million dollar plant and club house. The first big event held in their complete plant will be the large reception given by the club women attending the convention. Many other attractions are being arranged by the hostesses, so that the visitors will have an opportunity to taste to the full true Southern hospitality. With the smaller numbers delegates come closer together and have a more intimate view of things, so that the Council meeting is a very satisfactory proposition, and in some ways more so than a Biennial. The Massachusetts State Federation has arranged that the New England delegates travel together under the direction of the Walter H. Woods Co., through whom all reservations should be made. The expense from Boston for railroad fare, Pullman accommodations, and room in Atlanta is \$118. This does not include meals. The party leaves Boston, Saturday, May 5, and returning arrives on Sunday evening, May 13. Notify Rev. C. D. Kepner, Jr., of New York, on "Boys and Girls of the East Side."

Mrs. Ella A. Gleason will speak under the auspices of the Newton W. C. T. U. at the Newton Upper Falls Methodist Church on Sunday, April 22, at 7 o'clock. Mrs. Gleason's subject will be "The Crisis." All are cordially invited.

Women's Auxiliary of the Y. M. C. A.

Wednesday, April 25, is annual meeting day for the Women's Auxiliary of the Y. M. C. A. The business meeting will be held at 11:30, followed by luncheon at one o'clock, tickets for which may be secured from Mrs. Willard L. Sampson. An open meeting will be held at two-thirty when there will be music by Clair Leonard, reports from Camp Frank A. Day and the High-Y Club, and an address by Rev. C. D. Kepner, Jr., of New York, on "Boys and Girls of the East Side."

Local Announcements

Monday, April 23, the Newton Highlands C. L. S. C., will meet with Miss Marion Morse. Mrs. George H. Ferrell will be in charge of the study of Paul Lawrence Dunbar, W. E. B. DuBois and others.

The Newton Upper Falls Woman's Club will hold an open meeting on Monday evening, April 23, at 7:30, in the Auditorium, to which the public is cordially invited, except that children must be accompanied by their parents. L. O. Armstrong of Washington, D. C., will give lecture on "The Lure of the North," illustrated by moving pictures. The speaker was selected by the Canadian Government to put on the Indian Pageant of the Tercentenary of the foundation of the city of Quebec and was chosen by the U. S. Government and the State governments of New York and Vermont to take entire charge of the Pageant celebrating the discovery of Lake Champlain. He is known all over United States and Canada, as the intrepid explorer of the northern wilds, the big game hunter and fisherman and founder of the Alpine Club of Canada.

Every club is urged to send its Volunteer Service chairman or representative to the round table conference called by Mrs. Wallace P. Hood of Danvers, state chairman, on Tuesday, April 24, at 2 P. M., in Perkins Hall, Women's Educational and Industrial Union, 264 Boylston street, Boston. Achievements of the year and plans for next season will be discussed.

which is being planned to replenish the Federation's depleted Working Fund. Wednesday, May 2, comes the annual meeting at the Central Congregational Church, Newtonville, by invitation of the Newtonville Woman's Club. Then the remaining days, Thursday, Friday, and Saturday will come the Sale itself at the Legion headquarters in the old Congregational Church at West Newton. Collections of light weight articles will be made by local club representatives, but furniture and other things too bulky to be put in automobiles will be taken by a special truck. Those having such articles to contribute will please notify Mrs. Samuel N. Brown of Newton and they will be called for.

Luncheon tickets for the annual luncheon on May 2, must be secured not later than April 28th, from the local presidents.

the Fashion Show and a check for \$30, the proceeds of that venture. The club chorus sang two numbers. Miss Eloise E. Hersey gave a very delightful lecture upon "Old Crow," by Alice Brown, and the "Work of Dorothy Canfield." Miss Hersey said that we do not find women as a rule in the topmost group of artists, but as writers of fiction there are at least four women who attained that position, George Eliot, Charlotte Brontë, Jane Austen, and George Sand. Ever since the war we have been made aware of the existence of much evil in the world, and the literature of the period has accentuated that opinion. Present-day fiction divides itself into two diverse sections, one containing an enormous current depicting the passion in sex, some of it fairly reeking in sex problems; and the other, which deals with the aspects of religion and its relation to life. In this latter group Miss Hersey placed "Old Crow," which she reviewed carefully and from which she read extracts. Then turning to something of Dorothy Canfield she told something of her life and of her various novels, speaking particularly of "Rough Hewn." "Taken as a whole," Miss Hersey said, "her novels are lacking in definite, careful, coherent construction, but they are strown with charming writing. She has an exquisite gift for the sketch, and a great command of words." Her translation of Pippin's "Life of Christ" just published has elevated her to the position of a woman of letters. Miss Hersey was enthusiastic over Mrs. Fisher's accomplishment in this last book.

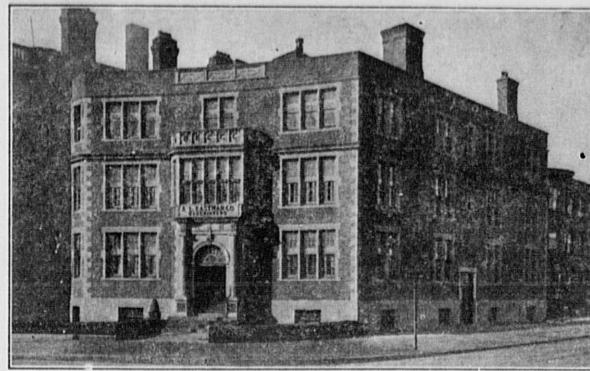

Keen interest was manifested in the first banquet held by the Newton Upper Falls Woman's Club. Newton Upper Falls is very proud of its fine hotel and at the Pettee Inn on Thursday evening, April 12th, occurred one of the social events of the season.

The tables presented a very Spring-like appearance with the yellow jonquils, pussy willows and birds of all colors for decorations. Eighty-five Club members enjoyed a most delicious banquet at the close of which Mrs. Lewis Jerome Johnson of Cambridge gave an interesting talk on "Woman's Influence in Relation to War."

The banquet committee consisted of Mrs. C. Frederick Rogers, chairman, Mrs. H. E. Child, Mrs. James K. Hemphill, Mrs. Charles Mills, Mrs. W. C. Willard, Miss Nellie M. Osborne, Mrs. W. H. Hoey, Mrs. Frank Fanning, Mrs. J. W. C. Easterbrook.

The annual luncheon of the Waban Woman's Club was held Monday, April 16, in the vestry of the Union Church. The room and tables were prettily decorated by Mrs. Clifford Walker and her committee and a delightful lunch was served under the direction of Mrs. Austin G. Bourne and Mrs. George W. Souther. After luncheon the members adjourned to the church and held the business meeting, the last meeting of the year, at which reports were read, a few changes made in the constitution, and officers for the coming year were elected. The following were re-elected: Mrs. Joseph C. Congdon, president; Mrs. Walter A. Hosley, vice-president and Mrs. Wellington Rindge, recording secretary. New officers are, Mrs. Austin G.

Fads and Frills
If a solon wishes to talk on school
matters, he is always safe in declaiming
against fads and frills. No one
knows just what fads and frills are,
but they sound so well, and seem to
cost so much, that they are always
with us. Even as I write, my right
hand jerks to go out in a wide
contemptuous gesture. Fads and Frills.

Friends and citizens, please read
this twice: School people do not invent
things to try in the schools. They have

AS OTHERS SEE US

Dear Editor—I am possessed of two
fields. One says, "Write, Cobb, ex-
press yourself!" The other says,
"For the love of peace, Cobb, keep
quiet."

I have been listening to the second
field for some time, and I am turning
my ear to the first. It seems to me that
some one who has been inside a
school during the last ten years should
say a word about those in Newton.

A whole lot of information that isn't
so, is running through my head, in
information I have picked up from our
local papers during the past winter.
A community has, after all, many
habits that should have been left back
of Darwin. One of these is a trick of
sticking the community head in the sand,
and dreaming that all is well.

Newton seems to think that she is
spending a whole lot of money on
schools, but people from other places
fail to see it. Newton seems delighted,
but fearful at the wonders of her new
Junior high school. Oh, minnows how
it costs! People in other sections are
inclined to call her a piker for building
one, very late in the day, when we
should expend on education.

THE VEGETABLE GARDEN

From some mysterious and obscure
source sprang the persistent idea that
beauty and utility were contrasting
qualities which could never be com-
bined, and that a vegetable garden
must of necessity be ugly. However,
the fallacy of this reasoning is very
clearly seen in the following para-
graph from Eben E. Rexford's "A-B-C
of Gardening." (RIA-R2):

"The average gardener doesn't seem
to associate the growing of vegetables
with an idea of beauty, but he will
find, if he looks into the matter, that
the vegetable garden can be made
really ornamental. A row of carrots
is as attractive as many of our decorative
plants; and beets, with crimson foliage,
are really tropical in their rich
coloring. Parsley and lettuce make
excellent and ornamental edgings for
beds containing other vegetables. To-
matoes, trained to upright trellises,
are quite as showy as many kinds of
flowers, when their fruit begins to
ripen. Peppers work in charmingly
with the color scheme of the vegetable
garden. A little study of gar-
den possibilities will soon convince
one that it is an easy matter to make
the vegetable garden, so far as color is
concerned, as attractive as the flower
garden is. And while we are at work at
gardening, why not make it as attrac-
tive as possible? The pleasing
appearance of it will lend additional
qualities to the fine flavor of its vegeta-
bles if we believe that beauty and
practicality ought to work in harmony
with each other."

yourself let your public library assist
you to make it a success by practical

Beware of Too Much Sugar.

Sugar is a salt. Every salt is de-
cating. Sugar is the most decimating
of all salts, it sucks up the liquids
from the blood through the veins;

thence comes the coagulation, then the
solidification of the blood; thence
the tubercles in the lungs; thence
death. And this is why diabetes
borders on consumption.—Tholomoxes
in Victor Hugo's "Les Misérables."

ELECTED PRESIDENT

At the 34th annual banquet and elec-
tion of officers of Park Street Club
of Boston, held at the Engineers' Club,
Commonwealth Avenue and Arlington
Street, S. Paul Townsend, 50 Lake-
wood Road, Newton Highlands, was
elected President.

The Club's distinguished history as
a distinctly Boston civic organization
and the many important things it has
accomplished, together with the
achievements of the many distin-
guished men who have been included
in its membership were reviewed at
length by several members in short
post-prandial speeches.

—**NEW CHURCH TO BE ERECTED**

The consecration of the ground and the turning of the first sod for the new Corpus Christi Church at Ash street, Auburndale, took place on Sunday afternoon. The officiating clergymen were assisted by members of the Bishop Cheverus Assembly, fourth degree, K. of C.

At the grounds the church choir sang "O, Holy Name," Rev. T. P. MacMannion, the pastor, spoke, as did Rev. William J. Dwyer, pastor of St. Bernard's church, who invoked the blessing, and Rev. John W. Churchill, curate at St. Margaret's Church, in Dorchester, where Rev. Fr. MacMannion had been stationed 18 years.

Then Rev. Frs. MacMannion, Dwyer, and Churchill turned the sod for the new church, as did also George Brophy, representing the congregation; John Gordon, for the Knights of Columbus, and Jeremiah Coleman, as one of the oldest parishioners.

The workers expect to have the basement chapel of the new church ready for services by November. At present mass is being said in Norumburg Hall.

—**HAD PECCULAR NICKNAMES.**

Sir Matthew Wood, who in 1821 was a staunch supporter of the unhappy Queen Caroline, was for a considerable time known as "Absolute Wisdom," and nearly all the wits of the time made him the butt of their attacks. Being at one time reproached with having ill-advised the queen, he diffidently admitted that his conduct might not be "absolute wisdom." He had the unusual honor of being twice lord mayor of London. Shortly after her accession Queen Victoria created him a baronet, in acknowledgment, it is said, of his liberality in making large money advances to her father, the duke of Kent, when greatly distressed by debts and hunted by creditors.

ROTARY CLUB ORGANIZED

Representative Business Men Hear Prominent Rotarians and Join the Movement

Final steps in the organization of a Rotary club for this city were taken Tuesday night by a group of representative business men, thus making Newton a part of the famous International Association of Rotary Clubs which during the past seventeen years has established itself for the development of the idea of practical service in more than a thousand cities in twenty countries.

Mr. William T. Halliday, treasurer of the Newton Trust Company presided, having been designated for that purpose by Judge Robert W. Hill, the district governor.

There were large delegations present from the Rotary Clubs of Boston, Quincy and Melrose and a past president of the Lynn Club.

Mr. William C. Bambrough, a past district governor explained the fundamental principles of Rotary in his usual eloquent fashion and he was followed by members of the visiting clubs in brief addresses.

Among the speakers were Rev. M. J. Cuddy of Quincy, Ernest F. Lovejoy and Charles H. Simonds of the Boston Club, Maurice A. Stevens of

Lynn, and Charles F. Hill of Melrose. It was then voted to form a Rotary Club of Newton with a charter membership including the following:

Arthur L. LeBaron, Raymond T. Stuart, George J. Martin, Roy V. Collins, Asa C. Jewett, Thomas J. Sullivan, Josiah P. Westcott, Jr., Fred R. Woodward, Vincent C. Stanley, Duncan Wright, Marshall C. Spring, James A. Senior, Clifton C. Mowry, Thomas L. Goodwin, William T. Halliday, Joseph W. Crowell, Fred R. Basley, Harry H. Hanson, Walter H. Gregg, Harry W. Bascom, John C. Brimblecom, Edwin O. Childs, John P. Harvey, George A. Haynes, Fred C. Howe,

Messrs. William T. Halliday, George J. Martin, Josiah P. Westcott, Jr., Duncan Wright, Marshall C. Spring, H. H. Hanson, V. C. Stanley were then elected directors and later organized with these officers: President, William T. Halliday; Vice-President, George J. Martin; Secretary, George A. Hayes; Treasurer, Josiah P. Westcott, Jr., and Arthur L. LeBaron, Sergeant-at-arms.

These officers were immediately in-

NEW CLUB HOUSE

Members of the Woodland Golf Club will officially open their new club house on Washington street, Auburndale, tomorrow with an all day tournament, a buffet dinner and an entertainment.

The structure is two stories in height, of the English Georgian type, built of water struck brick with a slate roof. The dimensions are 156 feet by 62. There is a 50-foot terrace at the end and a 20-foot terrace, the long way.

On entering the building, one passes through a two-story portico, which almost faces the present 18th green. Inside this entrance, to the right, is a well-equipped office from which there is an unexpected view of the main lounge, the men's lounge and the stairways. The main lounge will be a spacious affair covering an area 45 by 26 feet. It has a beamed ceiling and a large fireplace. Back of this room is the dining hall, 25 by 34 feet. This, like the main lounge, will open upon a porch at the southerly end, and can be converted into an outdoor dining-room when the occasion demands.

Back of the office is the men's lounge, 22 by 34 feet. This room has a separate entrance, and, opening out of it at the rear is the grill, 23½ by 25 feet. Between the dining and grill rooms is a combination kitchen and serving room, 38 by 20 feet.

Opening off the men's lounge is a separate porch which will give access to the locker rooms, one of which is on the main floor and the other above, both at the northerly end of the building. There are 399 men's lockers, 175 on the main floor, 86 on the second floor, and 33 in the annex. There is ample room for 42 more in the annex if necessary. Each of the locker rooms has three shower baths.

On the second floor there are accommodations for 75 women players, including locker rooms, showers, dressing room and lounge.

Plans are under way at the present time to provide for 12 sleeping rooms on the second floor, and they will eventually be laid out. In the basement, which is beneath the men's locker room, is the professionals' shop, where Charley Burgess and his many assistants work. The shop can be reached from the first floor by means of a stairway from the men's lounge and also has a direct entrance from the course.

Leading out of the professional's shop is a drying room, long wanted by the rainy day players at Woodland. The servants' quarters, comprising locker room and dining room, a laundry, a boiler room, a hotwater tank with a capacity of 1000 gallons and a coal-pocket are also situated in the basement. An unfinished room in the basement is amply sufficient for three bowling alleys, which it is probable will be installed before long.

CIVIC CLUB MEETS

The annual meeting of the Civic Club of Newton, one of the unique clubs of the country was held at the Brae Burn Country Club on Monday evening. The club is unique in that only persons who have been elected to an office in the city government of Newton are eligible for membership. The club meets once a year for a renewal of the friendships formed in the service of the city.

The club was honored by having one of its own members, Hon. Samuel L. Powers, as its guest and speaker. Mr. Powers had served as member and president of the old Common Council in 1883-4-5 and as an alderman in 1886. He had also served for six months as a member of the school committee in 1898 and later was a Congressman for four years.

Mr. Powers gave interesting and oftentimes humorous reminiscences of his experiences in politics in the eighties and the changes which had been made between that period and the present.

President Joseph W. Bartlett presided and the only business transacted was the election of officers for the coming year. Hon. George H. Ellis was chosen president; Dr. G. M. Winslow, Arthur W. Hollis and Henry I. Harriman, members of the executive committee and J. C. Brimblecom, secretary-treasurer.

The Club had as special guests five

VERNON COURT FIRE

A fire which caused considerable damage but which was without any spectacular features broke out in the Vernon Court Hotel early Tuesday morning. It was evidently caused by an overheated electric iron which had been used by Miss Catherine Fitzsimmons on Sunday evening, before she left her apartment and which she states had been shut off but not disconnected from the socket.

Sergeant Bannon of the Police department noticed the flames about five o'clock and pulled box 115 and notified the occupants of the building.

The fire had burned through a table and the flooring of the sixth floor and ran between the flooring and the partitions of several apartments on the sixth as well as the fifth floors.

Apartments occupied by Mrs. Mitchell, and Mrs. Charles D. Messer as well as that occupied by Miss Fitzsimmons were damaged. The loss is variously estimated as between \$5,000 and \$15,000, fully insured.

LODGES

Garden City Grange will hold its annual dance in Odd Fellows Hall, Newtonville, on Saturday evening, April 28th, at 8 o'clock.

Music will be furnished by the Luellyn Orchestra of Cambridge. Refreshments will be served. Everyone is cordially invited to attend.

COSTUME BALL

Entertaining Burlesque Wedding a Unique Feature at Newtonville Dance

Gay and festive was the scene in Odd Fellows' Hall, Newtonville, last Friday, when the townspeople gathered from all points of the compass in their varied and brilliantly hued costumes to witness the burlesque wedding of Samantha Giggler and Sethie Sniggins. Dancing began at eight o'clock and at nine o'clock the wedding bell made of a peach basket beautifully covered with pink flowers, and hung by white streamers, was rung by the youngest member of the party, Mrs. Angie Weeks, who is so well known and loved by all our good country folk.

At this signal the bridal party appeared. First came the Parson, Fred E. Perkins, who escorted the mother of the bride, Mrs. MacKinnon to a place under the wedding bell. Next came the daintiest of little flower girls, Mr. W. S. MacPherson, in little pink gown with short sleeves, low neck, long yellow hair and cute little hat. The ring-bearer, Mr. Rynaldo Neal was also an attractive picture in his green checked dress as he carried with great dignity the ring—a nicely fried doughnut on a big black frying pan—truly symbolic of the old adage that "the way to reach a man's heart is through his stomach"—and it certainly keeps harmony in the home. The four ushers,

MAKE A START MAY 1, NEXT TUESDAY TO BRING DOWN YOUR COST OF LIVING!

Many theories have been advanced as remedies for the economic problems facing this country today. These theories cover much ground—make much ado—yet invariably they lead to the same basic conclusion that the solution is in increased production and decreased consumption.

The Federal Reserve Board, the governing financial body of this country, has tersely summarized what is necessary in the phrase "Work and Save".

The most practical men in the country have reached the conclusion that human effort to produce more and to save more is the only solution to this perplexing problem. It is based on fundamental facts and economic laws.

The results of your efforts to reduce the cost of living should be noticeable. The money you do not spend should be placed in the bank, so you will have something definite to show for your efforts. Start today—and remember that a full day's work and the spending of no more money than is necessary, is the successful application of the "Work and Save" idea.

Deposits in our Savings Department start to draw interest from the first day of each month.

great consternation of all he brought in the wrong man, who proved, however, to be the best man, Mrs. Winnie Stuart. Soon the much wanted groom was found and the wedding proceeded. The omnipresent small boy with his pranks, Mr. Wallace MacPherson, was busy as usual at weddings, and a divorced wife of the dapper little groom, Miss Marjorie Perkins, a sweetheart claiming to be engaged to him, Miss Esther Thrasher, and the ghost of a former wife, Mrs. E. Perry McGill, all assisted in making things lively, and their interruptions could not fail to impress upon those really contemplating the serious step of matrimony some of the calamities which may befall one who considers it lightly.

A delicious bride's cake, made by Mrs. MacPherson, was cut by the bride and passed around after which a lively Virginia Reel was danced. Little Betty MacKinnon made a big hit dancing "The Highland Fling" and "Mighty Like a Rose." The bride, who had changed to her traveling dress, danced a beautiful old-fashioned country dance, with a pupil, Miss Gladys Reynolds, attired as an usher, for a partner. This dance was beautifully and skillfully done, the changing from lady to gentleman making it difficult. They received great applause, after which the grand march was formed and prizes and favors presented. A Somerville lady received first ladies' Mr. W. S. MacPherson, first gentleman's Mrs. MacKinnon, second ladies' and Mr. Baker, second gentleman's Mrs. Fred E. Perkins made the announcement that this was the closing of the season and thanked all who helped to make the Friday Evening Parties a success. Mrs. Minnie Stuart had charge of the refreshments and the Jenkins and Perkins Orchestra furnished the music.

Not all Dealers sell Goodyear Tires

The privilege of selling Goodyear Tires carries with it certain definite responsibilities on the part of the dealer.

He pledges himself, for example, to give you service that will help you get from Goodyear Tires all the mileage built into them at the factory.

He accepts a smaller profit than he might get from certain other brands, in order that we may put extra quality into the tires themselves.

Not all dealers see the wisdom of doing business on this basis; consequently not all dealers sell Goodyear Tires.

But Goodyear Dealers implicitly believe, as we do, that the foundation of a permanent and successful business is satisfied customers.

Because Goodyear Dealers in their own interest think first of your interest, they are good men with whom to trade.

Because Goodyear Tires and Goodyear Dealer Service insure maximum economy, more people ride on Goodyear Tires than on any other kind.

Rotary represents simply the idea of service—the chief pledge of its members being to see that they shall consider "service before self" and that by their example and their work for the community, their business or profession and toward individuals they shall give practical demonstration of the fact that "he profits most who serves best."

ANNUAL MEETING

The Annual Meeting of the Woman's Auxiliary to the Y. M. C. A. was held on Wednesday at the Y. M. C. A. rooms in Newton.

Luncheon was served at one o'clock following which there was an interesting program presided over by Mrs. Charles D. Kepner of Newtonville.

Mrs. William O. Hunt spoke of the Frank A. Day Camp at East Brookfield, Mass., from the point of view of the boys. She emphasized the value of the special view as to whether or not a Rotary Club would be of service to it.

The unique Rotary creed is vividly set forth in the "Rotary Platform" and in the "Rotary Code of Ethics" adopted by the Rotary club just organized here. The Rotary platform was adopted by the organization in 1911 and is a concise statement of the principles and ethics guiding and regulating all Rotary Clubs. "The Rotary club demands fair dealing, honest methods, and high standards in business" is the theme of this platform, and the last sentence in the platform, "He profits most who serves best," has been adopted as the latter part of the official slogan of Rotary "Service Above Self—He Profits Most Who Serves Best."

Mrs. Coleman then spoke of the camp from the point of view of the counsellors and leaders.

Miss Doris Badger, secretary of the Y. W. C. A. paid a tribute to the Y. M. C. A. and told of the many ways in which the organization had been of help in the formation and establishment of the Y. W. C. A.

Mr. Pitt M. Parker, former secretary of the Y. M. C. A., told of the origin of the Woman's Auxiliary, and of the work which it had accomplished during his tenure of office.

Mr. Bascom, the present secretary, followed Mr. Parker. He gave an account of Camp Frank A. Day as it is at present, and told of its present needs. He said that applications for the camp came from distant states as well as from the immediate vicinity, and that on March 22d of this year all the places for the coming year were filled. The camp is now eight years old. It has grown from a small group to a capacity of 116.

The reason for its growth and popularity lies, according to Mr. Bascom, not alone in its situation and equipment, but especially in its Christian leadership and excellent camp spirit.

Mr. Clyde C. Hess told of the work of the "High-Y Club" and its influence among High School boys. Among other interesting facts which he gave was the fact that once a month guidance in vocational training is given the boys through business and professional men who visit the club and tell of their work.

Mr. Clair Leonard, formerly of Newton, then rendered several piano selections, and Mr. Brown, a friend, gave a number of vocal selections.

In conclusion, Rev. C. D. Kepner, Jr., told of the work of the Land and Sea Church in Lower New York City with which he is connected, illustrating his remarks with lantern slides.

W. C. T. U.

A public meeting of the Newton W. C. T. U. was held Sunday evening, April 22, in the M. E. Church, Newton Upper Falls.

Mrs. Ella H. Gleason, Honorary State President of the Massachusetts W. C. T. U. spoke in her usual interesting and convincing manner. She emphasized the facts in regard to prohibition and the referendum. If you think prohibition has done no good ask the grocers, ask the clergymen, ask the business-men, ask the fathers and above all, ask the mothers. The little children in their happy prattle reveal the truth when they tell of new clothes, new shoes, and about mother staying at home with them now. In the olden days when most of the fathers' pay went for "drink," mothers were obliged to go out to work, leaving the children alone, or with drunken fathers.

Did the "wets" win by 103,000 votes? 109,000 who voted for Governor did not vote on the liquor question. Personal responsibility cannot be dodged. Let the 109,000 answer to their God. The indifferent ones—the church members—Christians, so-called, lost the referendum.

The Rotary Club which has been organized in this city has one rule which, it states emphatically, must not be violated. This is the rule requiring attendance. Practically every club has a clause in its Constitution whereby a member is automatically dropped from membership if he misses three meetings in succession. To this rule is attributed one of the reasons for the remarkable efficiency of Rotary. A careful record of each member's attendance is kept by the secretary and nothing short of sickness or death can excuse a member. Absence from the city is no excuse, for there is a rule whereby a member may attend the meeting of a Rotary Club in any city and receive credit for attendance just as if he had been present at the meeting of his own club.

Today there are more than one thousand Rotary Clubs in the world. Altho the greater number are in the United States, where the movement originated, there are now Rotary Clubs in Canada, Newfoundland, Great Britain and Ireland, Cuba, South America, the Republic of Panama, China, India, Australia, and New Zealand. This growth seems all the more remarkable when we realize that the organization has never at any time employed paid organizers. And in

Miss Jennie Blackwell of Weston narrowly escaped being burned to death Saturday afternoon, when her home on Merriman street, was caught in the onrush of a bad forest fire. She lived with her sister Miss Annie Blackwell, in the house, one of the oldest in the neighborhood, but was alone at the time. When she saw the flames approaching she attempted to save some of her household effects, but was overcome by the smoke. She was rescued by neighbors. The house burned like timber and was destroyed with its contents. The Misses Blackwell were former residents of Newton.

Christening Commodities.

Products are often named from the places of their origin, though time frequently warps the names out of recognition. We trace muslin to Mussoolo in Mesopotamia, cambric to Cambrai, calico to Calicut in India, damask to Damascus, and fustian to Fustal, Cairo. Linen, the corrupter, is itself corrupted from Geneva, while sherry by acrobatic evolutions leads us back to Xeres. Millinery is a bit obscure until we learn that a citizen of Milan was once called a milliner, and that millinery was women's finery imported from Milan. Currant derives from Corinth, poplin from Avignon, a papal town. Other names, such as chamois, china, morocco and arras retain their source-forms untwisted by time and foreign tongues.—Scientific American.

Couldn't Help Fussing.

Betty, age three, was to take a dose of castor oil. Her mother had told her if she took her medicine without any fuss she might have a piece of candy afterward. Betty promised and soon the oil was prepared and a box of candy was placed on the kitchen table. Betty looked longingly at the candy and said: "Mother, you can put the candy away. I'm going to fuss."

WOMEN'S CLUBS

Edited by Miss Grace M. Burt

Of course all the club women of the city are searching their attics and their closets for all available articles for the Federation Rummage Sale next week, May 3, 4 and 5. Collection will begin next Monday and will continue on Tuesday. Bulky and heavy articles will be collected by truck on Tuesday. Mrs. Samuel N. Braman should be notified of such, telephone, Newton North 3874. A general response at this time will do away with the necessity on the part of the Federation to make any financial appeal next year. The money received will be used to further committee work and other enterprises undertaken for the city's good through the Federation. Newton women do not need to be reminded that rummage sales serve a three-fold purpose—riding their houses of things which are cumbersome, turning them into cash to be used for good objects and at the same time help others to get at a reasonable price things which will serve them a useful purpose. To those who may know of some other such sale in the fall, to which they wish to contribute, pick out now the things that are especially adapted to the spring and summer season, saving the winter clothing, etc., for the fall sale, and when the fall comes there will be plenty of more things ready to discard, and in that way be generous to both.

State Federation

Full details regarding the annual meeting will not be available for another week, but club delegates are reminded that the dates are May 23, 24, and 25, and that it is time to secure reservations at the New Ocean House, Swampscott. The sessions will be so arranged that they will come within two days' board at the hotel.

Newton Federation

Wednesday, May 2, 10:30 A. M. Annual meeting will be held at the Central Congregational Church, Newtonville, by invitation of the Newtonville Woman's Club. The morning will be occupied with the reports of officers and committees, and from the affiliated organizations, and the summary of the work of the clubs during the past year. Luncheon will be served at one, tickets for which must be secured by Saturday, April 28. In the afternoon the West Newton Music School, which has applied for membership in the Federation as an associate organization, will provide a musical program by some of its most promising pupils. Past presidents of the Federation are invited to sit at the head table at the luncheon.

Wednesday, May 9, 10:30 A. M., there will be a conference of past and incoming presidents of the Newton Clubs at the Brae Burn Country Club, with luncheon at one o'clock.

Newton W. C. T. U.

Mrs. C. D. Kepner will entertain the Newton W. C. T. U. at her home, 43 Grove Hill avenue, Newtonville, on Thursday, May 3d, at 2:30 P. M. Mrs. Deborah Knox Livingstone, a woman of international reputation, will speak of "Prohibition from Coast to Coast." All interested are cordially invited to attend.

Local Happenings

Guest Day will be observed by the Newton Highlands Shakespeare Club tomorrow afternoon, April 28, at 2:30, at the Newton Highlands Congregational Church.

Monday, April 30, the Newton Highlands C. L. S. C. will have one of its special days at the home of Mrs. E. G. Swift with Mrs. Isaac Goddard in charge.

On Tuesday, May 1st, at 2 o'clock in the club house the Hospitality Committee of the Auburndale Woman's Club will hold a bridge for the benefit of the Kitchen fund. There will be music and entertainment for those who do not play bridge. This is the first event of the new club year, and it is earnestly hoped that a large number of members will be present.

The Newton Ladies Home Circle will hold its annual meeting in G. A. Hall, Newtonville, on Thursday, May 3, at 2:30 P. M.

The last of the season of the Newton Centre Woman's Club activities includes an operetta to be given Saturday, April 28, at 2 o'clock, in the Club House, by local talent. "Golden Hair and the Three Bears," promises to be a treat for young and old.

May first, on Tuesday at 2 o'clock, Mrs. Howard Winslow, with a special committee, assisted by the Activities committee, will present a style show, featuring the Egyptian influence in clothing and jewelry.

From April 30th to May 5, inclusive,

Mr. Sidney Callowhill will display in the Art Room of the Club House rare porcelains and glass. Club members will act as hostesses each afternoon.

On Thursday, May 3rd, the club holds its annual meeting and luncheon will be served to club members in the banquet room of the new Club House.

Local Happenings

A very successful year for the Auburndale Review Club was brought to a close with the annual meeting, held on April 17, at Old Natick Inn. "Fam- Men and Women since 1850," has been the general subject of the year's program, and the different people included all fields of human activity, science, literature, travel, politics, education and art. Much has been added to the enjoyment of the year's work, since it has all been done by home talent. There has been one guest night, when "The Cricket on the Hearth" was presented by club members, and one special evening entertainment, a musical at the home of Mrs. E. J. Frost, given by her gracious hospitality. The club has not neglected outside duties for the legislative chairman, Mrs. Stephen E. Wright, has worked well with sister clubs in trying to advance the cause of the bills in the Legislature approved by the Federation; and the Education committee, under Mrs. F. F. Davidson, has helped along the interests of the public schools. Although the club has not a large treasury from which to draw, it has given generously to public causes, such as Near East Relief, Massachusetts Civic League, Newton District Nursing Association, 25¢; Newton Welfare Bureau, \$50; West Newton Music School, \$35; Newton Circle, \$5; Army and Navy Club, \$5; Mass. Child Labor Committee, \$10; Pomeroy Home, \$5.

The following officers were elected for the year 1923-1924: president, Mrs. Sydney Peterson; vice-presidents, Mrs. Franklin E. Smith, Mrs. Samuel Noyes Braman; recording secretary, Mrs. George Lincoln Parker; corresponding secretary, Mrs. Harry W. Flits; treasurer, Miss Maud B. Henry; auditor, Miss Georgia H. Emery; board of directors, Mrs. Sterling Elliott, Mrs. Henry I. Harriman, Mrs. George Angier.

At the close of the meeting, Mrs. Henry A. Neally, the retiring presi-

dent, presented the gavel to the newly elected president, Mrs. Sidney Peter-

son, who accepted it most graciously.

After the adjournment of the business meeting a delicious luncheon

was served, at the close of which Mrs. Curtis Nye Smith, acting as toastmaster, introduced with clever remarks,

Mrs. Neally, who spoke of "Past Achievements of the Club," and Mrs. Peterson, who told of a vision for the future.

Mrs. Wolcott Calkins, one of the original members of the club, told in her infinite way of what the Social Science Club had meant to her.

Miss Dorothy Emmons spoke from the view point of a new member and later called upon other new members, who responded a la radio.

Mrs. Edward M. Hallett, who recently returned from a winter in Paris, gave a most interesting account of her impres-

sions.

**Make old floors
new again**

Even when your floors are discolored with age you can make them fresh and new-looking by using Carmote Floor Varnish.

This varnish comes mixed with colors to match any woodwork. With one brush-stroke you can both stain and varnish. You can also get it clear—without coloring.

Carmote Floor Varnish hardens thoroughly and never becomes soft or sticky. It is recommended especially for all kinds of furniture.

FOOD HUNT IN STARVING CITY

"Blessings" of Bolshevik Rule Brought Forcibly to the Attention of Newspaper Correspondent.

A Copenhagen correspondent gives the following description of daily life in Petrograd, where the population passes the day in a continuous fight against death from hunger:

It was a Bolshevik boy who taught me how to hunt. We met in the Sadovaya street in Petrograd.

"Have you had anything to eat today?" he asked, as is the custom in a starving city. I told him that I had had only an apple although I had money.

"Come along then, I know a place where we can get some solid food today." This was for me the introduction to a 14 days' course in the art of procuring food during a famine.

We entered first a chop-house quite near, where we got pea-soup and porridge, though in very small portions. My comrade then proposed that we should return to the Nevsky Prospect, where meat and potatoes were to be had in what was formerly an elegant night restaurant. The dish, meat and potatoes mixed, was served in square pieces of about three inches.

"Now we have to walk a long way," my comrade said. "We have to cross the river, and in the Boulevard Kronvskii there is a place where we can get a piece of bread." After telling me that he was a soldier in the Red army, he went on: "I am here now on a fortnight's leave of absence, and if you will meet me at 5 p. m. today I will show you a secret place where you can get a satisfying meal of potatoes, herrings and bread."

I had not thought it possible to get a square meal in Petrograd, and I became hungry at the thought of potatoes.

At 5 p. m. sharp he returned full dress, top-boots, fur cap with the red soviet star, a rifle in a strap over his shoulder, and a leather belt with cartridge pouches. He took me far away, and finally we stopped in front of a large house. It was quite dark, but down below our feet we saw a faint light through the chink of a door.

We waited a little to make sure that nobody saw us, and then went down the stairs. We entered quickly, and found ourselves in a cellar. By the light of a lamp I saw Red soldiers and civilians sitting at small tables with large dishes of steaming potatoes. The young soldier knew the landlord of the place, and ordered a dish of potatoes and salt herring. We afterward had some tea and rye bread. When we paid, my friend recommended me to the landlord, and told me that I could come here every night, which I did.

—Mrs. Cornelius H. Patton gave an account of her visit to the camps of the criminal tribes of India before the Women's Association of Eliot Church on Tuesday. There was also an impersonation of a robber woman with her little daughter. This was the last missionary meeting of the season.

The Birthday Banquet and Annual Meeting of the Newton Y. W. C. A. will be held in the Association rooms on Friday, May 4th at 6:30 P. M. The program will include reports of elections, and a group of living pictures by the Business Girls' Club, and opening ceremonial by the Girl Reserve Club.

—Mr. and Mrs. John M. Devlin of Washington street, Newton, Mass., are receiving congratulations on the birth of a baby boy at the Belger Hospital, on April 17th. This event was made more interesting in as much Mr. and Mrs. Devlin were married on this same day a year ago and is also the young mother's 20th birthday.

—Mrs. Hanora Sweeney, widow of Andrew Sweeney, died at her home on Pond avenue, last Friday in her 76th year. A high mass of requiem was held at the Church of Our Lady on Monday morning. Father Quirkab officiating. The pall bearers were Mr. M. J. Mulcahy, Mr. William Coughlin, Mr. John Doherty, Mr. John Murphy, Mr. P. C. Condon and Mr. P. Kone.

—Many interested friends attended the recital given by Miss Edna Louise Banks at the Hunnewell Club on Tuesday night. Miss Banks was assisted by Miss Irene Forte, violinist, and Dr. George Lawrence Dwyer, tenor. Miss Forte has been often heard in Newton and is always much liked. Dr. Dwyer sang with much fervor and volume, and Miss Banks' "Now Sleeps the Crimson Petal" by Gulster, and "Maidens of Cadiz" were particularly well appreciated. Following the regular program there was dancing in charge of Miss Lilian Banks.

—One of these books contains many autographs of musicians who were famous during this period. In it Hans von Bülow, eminent pianist, is represented in two separate autographed portraits. Translated from his script, which is in German, they read: "As soon as we artists are able to emanate ourselves from the plebeian vice of envy and fear we will be enabled to consider ourselves the pinnacle of aristocracy and music as photographic reproduction of the acoustics of eternity."

Thirty letters in French and thirteen in German comprise the collection of letters, among which is correspondence from Theresa Carreno, Carl Tausig and Pablo de Sarasate.

Rats Infest English Town.

A Nottingham (Eng.) municipal medical officer has this to say about rats in his city: "A half million rats, some two feet long and weighing two pounds, inhabit the prehistoric subterranean passages of the city. They would attack elephants. They have killed and devoured mongooses, ferrets and wildcats, and men do not dare invade their haunts. An underfed female cat alone is superior to a big rat. The city tried poisoning them, but the rats quickly discovered the food was tampered with and they refused to eat it." Asphyxiating poison gas has been suggested to rid Nottingham of the horde of rodents.

Good in Mulching Paper.

Weeding would become a lost art if the use of mulching paper could be applied to all gardens as successfully as it is in growing pineapples, says an article in Popular Mechanics Magazine. In this case the strips of paper are rolled out where it is desired to plant, and slits are cut in the paper through which the pineapple suckers are planted.

Milk-Fed Children.

Milk feeding for undernourished school children has been introduced into 40 cities and 28 incorporated villages in New York state. In some schools it is provided twice daily—in the middle of the morning and in the middle of the afternoon session; in some schools it is served in the middle of the morning only.

Young Ricker died at his home on Boyd street, on Tuesday, in his 80th year. Mr. Ricker was born in Acton, Maine, but spent his married life in Watertown, Mrs. Arthur L. Russell, Miss Ida A. Ricker, Miss Carrie M. Ricker, Mrs. Mabel Potter, and Miss Ethel A. Ricker. There is also a brother, Mr. Charles H. Ricker of Milltown Mills, N. H. Services will be held this afternoon at his late residence, Rev. H. Grant Person of Eliot Church officiating, and the burial will be in Watertown.

United States Land of Phones.

At the end of 1921 there were 13,280,000 telephones in residences and places of business with which any Bell system telephone can be connected. The United States, with only one-sixteenth of the population of the world, has two-thirds of the world's telephones. The average daily exchange and toll connections amounted to more than 35,000,000, or a total of 12,000,000,000 calls for the year.

ANNIVERSARIES SAD TO SOME

According to Professor, Those of Victoria Recall Bereavement; While as for Tin Weddings—

"There is always an element of sadness in the celebration of an anniversary," remarked the professor, laying down his paper with a sigh.

"How can you say anything so pessimistic? Why, I think anniversaries are just lovely!" cried his wife.

"Only when we succeed in forgetting that they are anniversaries," reported the professor. "The very fact that they remind us of the inexorable passage of time gives them a fundamental sadness to begin with but that is not what I meant."

"I was thinking of Mothers' day with all its reminders of bereavement, and then it suddenly occurred to me that the original occasions of almost all annual celebrations contained sadness for somebody."

"The other day came the anniversary of Sherman's march to the sea. With what feelings do you suppose that reminder is received by survivors of the unfortunate who lived in the great general's devastating path? And so it is with the anniversaries of all battles and victories. Even the rejoicings of the victorious side are tempered with the sorrows of those who lost sons in the conflict."

"Some anniversaries are sad," confessed the professor's wife, "like Memorial day and Good Friday, but most of them are awfully happy, like Christmas and the glorious Fourth."

"Please don't remind me of those most melancholy festivities, Isolde," groaned the professor, "with their artificial and unwholesome stimulation of the young and their insatiable depression of the—er—middle aged."

"Well, at least you will admit, dear," said Isolde, "that wedding anniversaries are happy occasions."

"Ghastly!" cried the professor. "I never remember being so wretched in my life as I was at the tin wedding you insisted on our inviting our friends to. Really, my treasure, I trust you will never do that again."

"Of course not," said Isolde sharply. "We couldn't have another tin wedding, but we'll have a silver wedding when the time comes, and meanwhile, while I think we'll be having an aluminum wedding, or a silk wedding, or—in fact, just as many anniversaries as we are entitled to."

"Heaven help me!" cried the professor. "For my part I feel with the poet that, 'The holiest of all holidays are those kept by ourselves in silence and apart. The secret anniversaries of the heart!'

Effect of Franz Liszt.

Autograph letters, trinkets and other articles associated with Franz Liszt have been brought to this country by Rudolph Siegel at the request of the composer's heirs, remarks the New York Herald, for whose benefit they are to be sold.

Will Be Mammoth Bridge.

The new Delaware river bridge, which is to be built by the states of Pennsylvania and New Jersey and the city of Philadelphia, is estimated to cost about \$28,871,000. This bridge will cross the Delaware river from Franklin square, Philadelphia, to Pearl and Second streets, Camden, N. J. It will be the longest suspension bridge in the world. The main structure is to be of the two-cable suspension type, crossing the river with a single span 1,750 feet long, from center to center of the piers. The clearance above mean high water will be 135 feet over a width of 800 feet in the center of the span. The bridge and approaches are to be built to provide a single deck carrying an unobstructed roadway for six lines of vehicles, lines for surface cars and two lines for rapid transit, besides which there will be two ten-foot sidewalks above the roadway. The width of the main roadway, from curb to curb, will be 57 feet. The total width of the bridge will be 125½ feet. It is expected to have the bridge completed by July 4, 1926, in time for the one hundred and fiftieth anniversary of the Declaration of Independence, when a great international exposition will be held in Philadelphia.
